

# PRESIDENT OF WESTERN MARYLAND RAILROAD KILLED BY CHIEF

## State To Ask Restriction Of Mexican Immigration

### DECISION IS REACHED AT MEET TODAY

Governor's Council Is Told of Plan at a Conference of Young's Cabinet

AGREEMENT SOUGHT

Social Welfare Department Not to Ask Restrictions in Present Quota

SACRAMENTO, Sept. 23.—(UP)—Restriction of Mexican immigration will be recommended to a White House conference by the California department of social welfare, Mrs. Anna L. Saylor, director of the department, told the governor's council here today.

The governor's council met this afternoon, opening a two-day session. The White House conference to which Mrs. Saylor will recommend additional immigration curtailment will consider the negro, Mexican and negro racial problems. Such restrictions would not be on a quota basis but by means mutually agreed upon by Mexico and the United States, Mrs. Saylor said. A reasonable high standard for entry should be set, in opinion of the department.

Fear of avocado growers that the Spanish red scale was invading their plantings was discounted by Director of Agriculture George H. Hecke, in his council report. Inspectors in San Diego, Orange and part of Los Angeles counties show that the scale is present in spots, but indicates little tendency to spread and become general. Hecke reported that the department is conducting extensive investigations to determine causes, methods of spread, preventive measures and treatment of bora disease, which has appeared among horses in the San Joaquin valley. Pupils in attendance for 1929 and 1930 at the different colleges follow: Chico, last year 600; this year 520; Fresno, 1391 in 1929, 1427 in 1930; Humboldt 272 last year, 284 now; San Diego 1,028 in 1929 and 1,153 in 1930; San Francisco 753 to 998; and Santa Barbara 555 last year, 667 this year. San Jose teachers' college was not opened when Kersey's report was compiled.

TEXTILE CASE IS SETTLED

Final settlement of the receivership and bankruptcy proceedings in connection with the West Coast Textile company, of Orange, which was instituted in 1926, is being completed today in the office of Ben E. Tarver, referee in bankruptcy, at a meeting of creditors of the defunct company. There are assets of approximately \$821.51 on hand to meet claims totaling over \$25,000, it is said. At the examination conducted this morning, J. B. Tucker, attorney for the principal creditors, questioned Referee Tarver and his attorney and seemed satisfied with the conduct of the proceedings. The business was purchased by M. Eltiste when it was sold to realize funds for the creditors.

### FLAPPER FANNY SAYS:

### Wheat Market Continues On Decline

LONDON, Sept. 23.—(UP)—A large world production of wheat and heavy shipments from Black sea ports continued to have a depressing effect on the Liverpool wheat market today. With the demand showing no improvement, there appeared little prospect of checking the recent decline, despite yesterday's minor rally, which was attributed to technical maneuvers.

The market opened considerable off today. October Wheat was 92½ cents a bushel, off 1½; December was 92¼, off ¾, and March 94¼, off ¾.

### SEARCH HOTELS IN LONG BEACH FOR FUGITIVE

### Alleged Super-Criminal of Pacific Northwest Is Believed In South

LONG BEACH, Sept. 23.—(UP)—Acting on a surprise tip, police early today began a search of small hotels and lodging rooms for Charles E. Murphy, alias Frank Lindsay, alleged "super-criminal" of the Pacific northwest.

A man and a woman, whose names were withheld as a protection against possible reprisals, reported last night that a short time before they had been accosted by a man who asked where he could find a "50 cent room." When shown photographs of Murphy, the two identified him as the man they had seen.

A dozen police squads, augmented by Los Angeles authorities, combed the rooming house district with instructions to "take no chances" should Murphy be found. Hermosa Beach also figured in the hunt when George Austin, proprietor of a filling station, said he had read newspaper accounts about Lindsay and was certain he saw the man yesterday.

"He had a large dimple in his chin," Austin declared. "He carried a small black case about half the size of a telephone directory. I asked him where he was going and he said he was going to Long Beach via Compton. I pointed out that would be far out of his way but he said he was going that way anyhow."

Others who have reported seeing a man believed to be Lindsay said he had a small black box in his possession. A number of the persons reporting to investigators said

### BIG CONTEST FOR CHILDREN; PRIZES FOR COLORING BIRDS TO BE GIVEN BY REGISTER

Here's good news for all the little kiddies that love our beautiful birds, for they will read with interest a wonderfully fine feature that is going to start in The Santa Ana Register Saturday, September 27.

In the first place The Register has arranged with a great authority on birds and wild life as we have it here. This friend is no other than Miss Carrie Jacobs. Miss Jacobs has written a wonderful series of articles on birds.

To Be Illustrated

The first article by Miss Jacobs will appear in The Register, Sept. 27, and each Saturday thereafter until the entire series of 50 articles has been published. As each article appears it will be published with a large picture of the bird that is being described in the story. Miss Jacobs writes about only those birds that are common to this locality, and would you believe it—there are no less than 50 different varieties of birds right here, and what a fine thing it will be for all of us to read these fine articles, and then in our hikes and rambles

## MAN SHOT IN QUARREL OVER PRICE OF GASOLINE IS DEAD

### UNITED STATES OF EUROPE IS NOW UNDER WAY

Preliminary Organization Completed at Meeting in Geneva Today

GENEVA, Sept. 23.—(UP)—Preliminary organization of Aristide Briand's proposed "United States of Europe" was complete today at a meeting of representatives of 27 European countries under the auspices of the league of nations.

Ireland was appointed chairman and Sir Eric Drummond, secretary of the committee to organize the economic federation of states. Drummond, an Englishman, also is secretary-general of the league of nations.

The ideas contained in Briand's questionnaire on a federation of European states have been stressed by France and friends of France in the economic commission of the league of nations, emphasizing the urgent need of European tariff reform. Painting a gloomy picture of under-consumption of manufactured products and over-production in agriculture, the countries voiced the need for some middle path between, most favored nation clauses and absolute preferential treaties.

The French minister of commerce, Pierre-Etienne Flandin recommended appointment of a future committee of conciliation and arbitration which would function permanently to facilitate bilateral and plurilateral treaties, concentrating on tariff matters, export bounties, subsidies and dumping.

### PHILADELPHIA OUSTS NEW YORK GANGSTER

PHILADELPHIA, Sept. 23.—(UP)—Jack Diamond, the New York gangster who was so cordially invited to leave Germany, was also invited to leave Philadelphia today but with a one hour time limit.

The New Yorker was arraigned on a "suspicious character" charge, after being arrested upon arriving here on the Hannover yesterday, and was ordered to leave town within an hour.

### PANTAGES SAYS TRIAL UNFAIR IN AFFIDAVITS

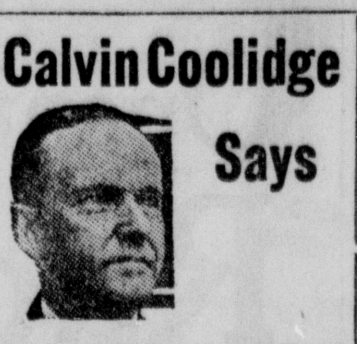

SAN FRANCISCO, Sept. 23.—(UP)—Affidavits attempting to prove that Alexander Pantages, millionaire showman convicted of assaulting Eunice Pringle, was not given a fair trial in his route to Attorney General U. S. Webb at Sacramento today.

In the documents was a sworn statement that one of the trial jurors had declared before he was accepted for duty that he would "send that Greek to prison yet."

The affidavits also contain a verbatim report of this juror's oath that he would keep an open mind while in the box and give the magnate an impartial trial.

Included in the documents were statements by two of the women

(Continued on Page 2)

### SAMOA MAY BE GIVEN UNIQUE GOVERNMENT

CONGRESSIONAL COMMISSION AT WORK WHILE ENROUTE TO PAGO PAGO

BOARD S. S. OMAHA, EN ROUTE TO SAMOA, Sept. 23.—(UP)—An unique form of government seemed imminent today for the inhabitants of Samoa.

The congressional Samoan commission, headed by Senator Hiram Bingham, making a complete study of the tribal customs of the Samoan peoples, intimated that a new and unusual method of government control would shortly be brought into existence.

The commission has received many valuable suggestions from Lawrence Judd, governor general of the Hawaiian Islands, who was given the title of chief a few years ago by the inhabitants.

A session was held to decide a proper bill of rights to be offered which would be compatible with existing Samoan customs.

The members of the congressional body hope to be able to draw up a plan and draft it before leaving Pago Pago. On account of the brief time it will spend in Samoa, the commission was working overtime to arrive at a conclusion.

If a decision is not reached the commission will wait until the arrival in Washington before announcing the result of the study of Samoan customs.

Many of the residents of Samoa will be asked to offer suggestions to the commission in the hope of drafting an organic law compatible with present habits.

Although members are anxious to have the new code drafted as quickly as possible it may be necessary to make a postponement until the next session of congress.

Among the questions being considered are the ancient rights of chiefs to seize and redistribute the property of the subjects and the preservation of the native charm and simplicity of Samoa.

### ENSENADA MURDER SUSPECT QUIZZED

BAKERSFIELD, Sept. 23.—(UP)—A man who mumbled a confession of murdering a man and a woman, will be taken to San Diego today for questioning in connection with the Ensenada Beach slaying of Lois Marion Kentle, Los Angeles sorority girl, and Francis Conlon, 24, her fiancé.

The suspect, John Bender, 49-year-old Austrian, did not specify his victims in statements to officers, but his assertion that he "buried them in sand" was considered sufficient to link him with the Ensenada case.

### JACK DEMPSEY IS INJURED BY HIT AND RUN DRIVER

NEW ORLEANS, La., Sept. 23.—(UP)—Jack Dempsey was painfully injured here today when struck by a hit and run driver.

The accident occurred in the French quarter, just as Dempsey was getting into his car. He had been attending a reception in his honor.

An automobile swerved around the corner, striking the open door of the car and jamming the ex-champion's arm between the door and the side of the car.

He was taken immediately to a hospital where several stitches were taken.

(Continued on Page 2)

### 60 Year Old Garage Man Passes Away

Sixty-two Year Old Assailant Will Be Charged With Murder

BULLETIN

Lawrence M. Ridenour was arraigned this forenoon in the court of Justice of Peace Kenneth E. Morrison on a complaint charging murder, filed by Deputy District Attorney Leo Friis. The preliminary hearing was set for 9 a. m. October 1. The defendant was ordered held without bail.

The inquest of Harvey Counts, killed by Ridenour, was scheduled for 3 p. m. today at Backs, Terry and Campbell's parlor in Anaheim.

BOOTLEG WHISKEY played its sinister part in the tragedy enacted yesterday afternoon in the rear part of the Century service station in Stanton, resulting in the violent death of Harvey Counts, 60, Stanton rancher, living on Kattella Road, and the arrest of Lawrence M. Ridenour, 62, service station owner, now facing a murder charge, inquiries revealed today.

Counts, shot three times by Ridenour, died at 7:05 o'clock last night at the Orange county hospital. His body was ordered to the Backs, Terry and Campbell funeral parlor, Anaheim, by Coroner Charles D. Brown, and the inquest was for 10 o'clock tomorrow forenoon.

Inquiries into the circumstances attending the tragedy disclosed that the two aged men quarrelled over the price of gasoline, purchased by Counts from Ridenour. The former asserted that he had been overcharged, it was learned.

Ridenour was brought to the county jail by Deputy sheriffs Floyd W. Howard and Joe Thornhill and inquest to Deputy District Attorney.

### SUSPECT IN KILLER CASE HELD IN S. F.

SAN FRANCISCO, Sept. 23.—(UP)—A suspect in the search for Everett Frank Lindsay, wanted in Seattle for two murders and a kidnapping, was arrested here today and held for investigation.

Detectives declared the man, who protested that he is Byron Kane, ship's butcher, resembles Lindsay strikingly.

Fingerprints of the alleged killer have been requested.

### NEW COMMISSIONER

WASHINGTON, Sept. 23.—(UP)—Appointment of Harry J. Anslinger, formerly acting commissioner of narcotics in the treasury department as commissioner was made by President Hoover today.

This action was taken under the recently passed Porter bill establishing an independent narcotics bureau. Previously the narcotics work was carried on by Anslinger under the direction of Assistant Treasury Secretary Lowman.

### EXECUTIVES OF RAILWAY STAGE DUEL

Altercation In General Offices of Company Said Result of Long Feud

### V. P. IS NEAR DEATH

Shooting Follows Altercation and Employees Are Thrown Into Near Panic

BALTIMORE, Md., Sept. 23.—(UP)—Maxwell C. Byers, president of the Western Maryland Railway, was shot to death today in his office in the Standard Oil building. He was slain, police said, by Dudley E. Gray, vice president in charge of traffic, who is at Mercy hospital, probably fatally wounded.

The shooting is said to have followed an altercation between the railroad president and his aide, and was the culmination of a feud which had existed between the two executives for several months.

According to witnesses, Gray, who lived in the Eden hall apartments, entered the offices about 12:30 p. m. He went directly to Byers' offices, separated from the main offices by a frosted glass door, and locked the door behind him as he entered.

Loud Voices Heard

Soon after his entrance, it was said, loud voices were heard inside the private office. It was impossible to distinguish the words of the argument, George Charlton, Byers' secretary, told the police, but it was evident the two were enraged.

Suddenly several shots were fired, Charlton said. Following the fifth shot, the secretary reported, there was the sound of struggling and Byers wrenched open the door connecting his suite with the main offices.

For several seconds he clung to the frame of the door, it was said, and then collapsed on the floor, apparently dead.

Employees, entering the private offices, found Gray seated behind Byers' desk, unconscious, a .32 caliber revolver on the floor beside him.

Charlton, meanwhile, found the door between his office and the president's office locked. He leaped through a window opening on a

### ALMA RUBENS IN PLEA FOR DIVORCE

NEW YORK, Sept. 23.—(UP)—Alma Rubens, former screen actress, has forwarded to Los Angeles a petition for divorce from Ricardo Cortez, leading man, charging desertion.

The actress is quoted as saying, however, that the real reason she is seeking a decree lies in her husband's behavior just after she had overcome the drug habit. Cortez, she said, adopted a "hero" pose and tried to claim the credit for curing her.

"It was my own battle," the actress declared. "My husband contributed very little toward helping me, most of the money coming from women friends."

### Supreme Court To Consider Billings Pardon October 1

SAN FRANCISCO, Sept. 23.—(UP)—The California supreme court will not begin consideration of the case of Warren K. Billings, asking for a pardon from Governor C. G. Young, would also wait until that time to take up a similar application of Thomas J. Mooney, serving life at San Quentin prison for the same crime.

(Continued on Page 2)

### 'Baby Bandits' Sought By Salinas Police

SALINAS, Calif., Sept. 23.—(UP)—A group of "baby bandits" under the leadership of an 11-year-old boy, was today under police surveillance here.

Nearly 100 rounds of ammunition, several automatics and rifles, together with a quantity of stolen jewelry, were accidentally stumbled on yesterday by Police Officer C. C. Rogers, at the gang's headquarters.

Officials refused to divulge the names of the youthful desperados but claimed that their arrest would end a series of unsolved robberies committed here in the past year.

### FRANK KEATON ENTERS STATE PRISON TODAY

Breaks Twelve Hours Silence By Ordering His Morning Meal

SAN QUENTIN PRISON, Sept. 23.—(UP)—After breaking twelve hours of sullen silence with perhaps the most remarkable murderer's utterance in history, Frank B. Keaton, diminutive slayer of Motley Flint, Los Angeles broker, was received early today at the place he may call home for one short month.

On October 21, the small eccentric is condemned to expiate his spectacular crime on the prison gallows.

Leaving Los Angeles last night handcuffed to Ted B. Malone, bad check passer, in the custody of Deputies Frank Cochran and Ray Bogie, the small slayer adopted a sullen silence that endured throughout the train ride to Richmond, resisting every effort of his fellow prisoner and the two deputies to engage him in conversation.

The change from train to ferry was also made in silence and Keaton did not speak until all were seated in the ferry lunchroom for breakfast. There he said the four

### CATHOLIC CONGRESS OPENS IN NEBRASKA

OMAHA, Neb., Sept. 23.—(UP)—Omaha became the center of American Catholicism today when lay and clerical delegates from practically every parish in the United States assembled for the first national Eucharistic congress since 1911.

Sermons and addresses on subjects of national and international interest were on the program for the inaugural sessions. The 30,000 visitors, who gathered last night at the formal reception for Archbishop Pietro Fumasoni-Biondi, Apostolic delegate, were divided into groups for today's sessions.

### COMPLETE INQUIRY

WASHINGTON, Sept. 23.—(UP)—An inquiry in which 300 watch factory workers were examined to determine the extent of a new disease caused by radium rays has just been completed by the U. S. Public Health service. The findings are being rechecked by laboratory specialists and will be published soon.

# Law Enforcement League Forms Fall Campaign Plans

## WESTOVER AND JACKSON WILL BE SUPPORTED

Committees were appointed and plans formulated in connection with the campaign for the general election in November, at an executive committee meeting of the Orange County Law Enforcement League held last night at the First Methodist church here.

The league is planning a paid tentative campaign with a paid worker in the field the entire period of the campaign in the interests of the principles for which it stands. The candidates it is supporting are Harry Westover for district attorney and Logan Jackson for sheriff. These are the only candidates that have been endorsed by the league, according to R. R. Lutes, secretary, as these two offices are the principal ones in which the league is interested.

Perry Mathis, of Anaheim, president of the league, made an extensive statement at the meeting last night outlining the work to be accomplished and reviewing the accomplishments of the organization at the primary election. Short talks relative to the fall campaign and plans of the league were made by several other members.

Committees appointed last night were as follows: central committee—Perry Mathis, Anaheim; W. S. McCulloch, Fullerton; J. H. Barton, Yorba Linda; G. H. Thompson, Laguna Beach; and Mrs. Pearl K. Hess, Orange. Finance committee—L. E. Martin, chairman; the Rev. Brahmas, Laguna Beach; and L. E. Stewart, Fullerton.

A woman's watch which once belonged to George Stephenson, the railway pioneer, has been stolen from Poyle Manor, near Staines, England.

## BIG CONTEST FOR CHILDREN; PRIZES FOR COLORING BIRDS TO BE GIVEN BY REGISTER

(Continued from Page 1)

Of course we realize that the little kiddies cannot successfully compete with the older children in this contest and for that reason we have arranged two groups and two prizes. The first group will consist of all children 6 to 9 years old and there will be a cash prize for this group each week. The prize will be for the best colored specimen submitted and will be \$1.00 in cash. The next group will be made up of all children 9 to 12 years old and this group will also have a cash prize each week amounting to \$1.00. The

color work on the pictures submitted will be judged by competent authorities, and you must do your very best work.

Remember the Date

The first bird article and picture will appear Saturday, Sept. 27. All children aged 6 to 12 years are eligible to enter the coloring contest and the cash awards will be made each week.

Watch The Register every week for further announcements of plans for this big contest and feature story that will continue for 50 weeks in your home paper, The Register.

## SEARCH HOTELS IN LONG BEACH FOR FUGITIVE

(Continued from Page 1)

the man tried to "mooch" money from them and authorities took this as an indication Lindsay was short of funds.

It was believed that the fugitive, in desperation, might resort to crime to replenish his finances. Nell Anderson, proprietor of a miniature golf course at Hermosa, reported he was robbed of \$16.25 by a bandit as he was closing up his course early today. Although Anderson could not see the bandit in the darkness, deputy sheriffs were assigned to the case to check up any possible Lindsay angles.

Prizes are being offered by the Incorporated Association of Architects and Surveyors of Britain for designs of a model gasoline service station.

## 60-YEAR OLD GARAGE MAN PASSES AWAY

(Continued from Page 1)

district Attorney Leo Fris will be charged with murder. The prisoner, both at the time of his arrest and at a later questioning by Deputy District Attorney Fris admitted having fired the fatal shots. He explained, however, that he had been threatened by Counts, and tried to avoid a fight with the rancher who had been drinking.

Ridenour told the arresting officers that he kept going back into his place, asking Counts to leave, but that the latter followed him until they reached the rear of the service station.

An examination at the hospital disclosed that three bullets had penetrated the dead man's body. One bullet entered the lower right side of the body and went out on the other. Another struck the right shoulder and came out close to the neck, while the third bullet entered the other shoulder, lodging itself in the body. Because of the serious condition of Counts no attempt was made by the authorities to question him.

According to stories told by residents of Stanton, some of whom are expected to be called as witnesses at the inquest, Counts had been drinking in the past few days.

## SAYS WESTERN COAST TO BEAT EASTERN AREA

BERKELEY, Sept. 23.—(INS)—"You on the west coast of America are destined to develop cities greater in population and size than any on the Atlantic."

This prophecy was made here by Henry K. Chang, consul general of China in San Francisco, speaking before 500 delegates to the Institute of International Relations.

Chang's address dealt with China's reconstruction program.

China is going through a period of transition, he said.

"The forces that have been brought into play through the impact of western civilization have brought about changes in Chinese political, social and economic systems and the existing unrest and disturbance are only the unpleasant attending circumstances of our attempts to readjust ourselves to these impelling changes," he added.

Speaking in Wheeler hall, Tamon Mayeda, editorial writer of the Tokyo "Asahi Shimbun," said:

"The Japanese people have an international mind. This mind alone guarantees the peace of the world. International mind is the mind willing to try to understand the other side and to make a heroic effort to conciliate itself with the other side."

"Probably no nation is more keen to learn from others than is Japan. The thirst after knowledge of foreign affairs is exceedingly intense in Japan."

"Younger Japan, represented by liberal minded men and women, is increasingly influencing public opinion and the general feeling is for the relinquishment of imperialism and for adjustment to a policy of international conciliation."

## PAY CASH FOR 39 OF EVERY 100 CARS

WASHINGTON, Sept. 23.—Only 39 per cent of the buyers of passenger cars in the United States in 1929 paid cash for their purchases, according to a report filed with the Census bureau by 425 automobile financing companies.

Installment plan purchases amounted to 61 per cent, the deferred payment on each car being about \$444.30. The finance companies announced that in 1929 they financed sale of 3,478,378 cars, of which 1,320,435 were new.

Last year out of every 1,000 transactions financed by the companies it was reported that five persons absconded, attempting to avoid payment in this way.

Cities of Nicaragua are imposing a license tax on outside salesmen who show samples to the trade.

## PANTAGES SAYS TRIAL UNFAIR IN AFFIDAVITS

(Continued from Page 1)

jurors that the juror in question had tried to coerce them into rendering a verdict of guilty and had threatened that he would tell the Rev. "Bob" Shuler, Los Angeles' fighting preacher, exactly what happened during the deliberations. The women were Mrs. Christine Ullrich and Mrs. William Incles.

A third woman, Lotta Steiner, declared in an affidavit that she had been led to believe that by asking for leniency with the guilty verdict the court would have the right to extend judicial clemency to Pantages. Otherwise, the paper said, she would not have voted for a conviction.

Pantages, convicted of the assault of Eunice Pringle, 17-year-old dancer, was sentenced to serve one to 50 years in San Quentin prison.

Since last June he has been at liberty on \$100,000 bail pending a decision on his appeal to the Los Angeles district court.

Attorneys for Pantages declared in a letter accompanying the affidavits that the alleged statement of the juror had been submitted to Burton Pitts, Los Angeles district attorney, but that Pitts had refused to act on the information. It was reported that Webb would be asked to appoint a special prosecutor to examine the information submitted and hold a trial of the juror in question.

## EXECUTIVES OF RAILWAY STAGE DUEL

(Continued from Page 1)

corridor and ran to the main elevators, where he gave orders to summon police and an ambulance.

Taken to Hospital  
Buyers and Gray were taken to the Mercy hospital, where the president was pronounced dead. It was found three bullets struck him, two in the region of the heart and one in the left arm. Gray was wounded twice in the chest. Physicians at the hospital said his recovery was doubtful.

According to information volunteered by employees and officials of the railroad company, business difficulties between the two resulted in a feud which had flared up several times within the past two weeks. The pair engaged in frequent verbal battles and recently almost came to blows at a directors' meeting.

Officials of the Western Maryland were emphatic in their assertions there were no differences between the two outside of their business relations.

Representatives of the legal department of the railroad visited police headquarters about an hour after the tragedy and filed a complete report of the affair. None of the heads of the various executive departments could be interviewed.

## ARRANGE SERVICES FOR CYANIDE VICTIM

Funeral services for Michael F. Burns, 56, Anaheim fumigator, who died from the effects of cyanide fumes Sunday night, will be held Saturday morning at 10 o'clock from the McAulay and Suters parlors in Fullerton.

At a coroner's inquest conducted by Coroner Charles D. Brown yesterday, a verdict of accidental death was returned.

Rubber growers of Ceylon and the Straits Settlements have signified almost unanimous approval of the plan for restricting rubber production.

## CANNON ASKED TO QUIT CHURCH OFFICE

NASHVILLE, Tenn., Sept. 23.—(UP)—Bishop James Cannon Jr., against whom ecclesiastical charges have been filed, has been urged by his fellow prelate, Bishop Horace M. Duhose, to resign and thus relieve a "pained and distressed feeling" in the Methodist church, south.

Duhose told the United Press he had written Cannon August 18, asking him to make the sacrifice for the benefit of church harmony. Copies of the letter were sent to all bishops of the church, Duhose said.

## CHARGES SECRET

BIRMINGHAM, Ala., Sept. 23.—(UP)—Bishop William N. Ainsworth, president of the college of bishops of the Methodist Episcopal church, south, will not reveal the nature of the charges filed with him against Bishop James Cannon Jr.

## FRANK KEATON ENTERS STATE PRISON TODAY

(Continued from Page 1)

words that comprise his entire conversation from Los Angeles to the gates of San Quentin;

"Roast lamb; coffee; pie."

Carrying only a small package wrapped in newspaper as baggage, Keaton was admitted to the prison at 8:27 a. m. Silently, he went through the fingerprinting, hair-cutting and clothing routine.

He was later to be given a number and assigned to a cell in condemned row, where prisoners facing death sentences are quartered. Keaton, embittered by losses in the stock market, was overcome with a murderous rage while at-

tending a trial in Los Angeles superior court at which Flint was a witness.

As Flint was preparing to testify, Keaton arose to his feet and emptied a revolver in the broker's body. Flint died almost instantly.

Keaton unsuccessfully pleaded "not guilty by reason of insanity."

## Birth Notices

WATTS—To Mr. and Mrs. Coy Watts at their residence on Newport road, Sunday, Sept. 21, 1930, a son.

## DEATHS

**A WORD OF COMFORT**  
The curse of epidemic is that it prevents a man's understanding himself. He lives in a make-believe world just like a child, only he does not sense the unreality of his experience.

The terrible trial, which must be store for some people, is to see themselves despised and pitied for the very qualities on which they prided themselves.

It behooves each one of us to true his ideal and his endeavor by constant comparison with what the Master has taught and manifested. This will correct his perspective and his sense of values. This will help him to escape a false pride in what has no eternal reality and to give himself to an endeavor to develop the qualities which will endure.

TEALL—At the home of his daughter, 515 Myrtle St., Sept. 22, 1930, Fred W. Teall, age 72 years. He is survived by four children, Robert J. of Venice, Calif.; Mrs. Annie W. Thompson, Rockford, Ill.; Mrs. Elizabeth Foote of this city, and Mr. Thomas T. Teall, of Northwood, Iowa. Funeral services were held at 2 p. m. today at the Harrell and Brown Funeral Home, 116 West Seventeenth street. Rev. Perry F. Schrock officiating. Interment Sparta, Wisconsin.

## ACTION TAKEN AFTER REQUEST BY FULLERTON

Action was taken by the board of supervisors today granting the request of Fullerton for county aid on the road widening project of North Spadra street and Whittier boulevard from Chapman avenue to the north city limits, and ordering construction of a new bridge over Santiago creek at Santiago boulevard.

Granting the Fullerton request brings a step closer the work on the continuation of the 56-foot boulevard from Santa Ana to the county border above La Habra. Cost of the project is approximately \$180,000 according to figures that have been checked by County Highway Superintendent Nat H. Neff and State Highway Engineer S. V. Cortelyou. The Orange county share is \$44,781.27, according to the request from the Fullerton city council, which was presented today. It is to be paid from the gasoline tax and auto license fund. Action was taken on the motion of Supervisor William Schumacher. The road is to be widened for a distance of approximately one and one-half miles, according to Neff. The money was included in the budget recently adopted by the board.

Bids for the construction of a new combination steel and wood truss bridge over Santiago creek are to be opened on October 14, the board determined after ordering the contract advertised. Estimated cost is \$10,000, according to Nat Neff, superintendent of highways. The new structure is to be made larger and stronger than the one which is to be replaced.

The city of Newport Beach sent an invitation to the board asking members to attend a luncheon conference at a future date in the interests of immediate action on the proposed grade separation at the Arches intersection of the Newport-Santa Ana boulevard and the state highway. The board was advised that city, county and state engineers have estimated the cost at approximately \$200,000 and that the state has agreed to finance it to the extent of \$75,000 provided the city and county would cooperate in meeting the balance.

County Highway Superintendent Nat Neff advised that no provision was made in the budget for county aid on the project this year and that it probably would have to go over at least until next year. The Newport council urged immediate action on the matter. No date was set for the proposed conference.

A resolution from the Santa Ana city council endorsing the opening of a new route from South Glasswell street to Grand avenue was received with the request that the board of supervisors act favorably on this matter. Superintendent of Highways Nat Neff was instructed to carry the endorsement of the project by the city of Santa Ana before the county planning commission at its next session.

Action on bids for tires for the county fleet of trucks and cars was postponed for one week on the motion of Supervisor George Jeffrey. Bids as summarized by the county purchasing department, which were received last week were as follows: George Platt, \$3189.33; Goodrich Silvertown, \$3143.55; Roy J. Lyon, \$3112.18; Herbert L. Miller, \$3026; Lyon's Tire Service, \$2664.66; C. J. Skirvin, \$2574.01; West Brothers, \$2524.88; H. C. Kier, \$2387.84; Samson Tire and Rubber company, \$2377.55; Dunlop Tire and Rubber company, \$2342.52; Home Oil company, \$1133.27.

Notice was received of a hearing by the state railroad commission at the court house on September 26 concerning the application of the Rice Transportation for a certificate of public convenience and necessity for extending the existing service from Tustin to El Tero.

A petition of E. H. Bruner, of Buena Park, for attention to certain street work in that city was

referred to the county road department.

A petition from 13 residents of Costa Mesa protesting against the permission of construction of an overhead high voltage power transmission line along Rochester street in that city was ordered filed after Supervisor George Jeffrey advised that the matter had been taken care of. The petition asked that the line be placed underground instead of overhead.

An appropriation of \$1000 for music week in Santa Ana was ordered on the motion of Supervisor Charles Chapman. This was included in the budget and comes from the county advertising fund.

## SOCIETY

### Ebell's Flower Show Promises Departure From Routine

Santa Ana Ebell clubhouse is the scene of a flurry of activity this week, for members of the Garden section, working under their leader, Mrs. W. E. Watkins, are preparing the setting for the annual Fall Flower show which will open Thursday afternoon at 4 o'clock, continue with an entertaining evening program, and all day Friday until 6 o'clock that evening.

In laying their plans for this 1930 event, the enterprising women of the section decided to depart from the beaten path, and give the city a true flower show rather than a general bazaar as has been the case heretofore. So this year, guests at the affair will find the entire clubhouse given over to the beauty of autumn blossoms and fruits, with no evidence of the once omnipresent aprons, fancy work, etc. Even the luncheon and dinners, once a leading feature of the semi-annual event, have been foregone this fall, and only light tea menus will be available in the grassy patio, with one single concession to lovers of home made candy.

In fact, the affair will be a flower show—with all emphasis on flowers, and the townspeople are to be offered the most beautiful collection of autumn blossoms that the indefatigable workers of the society can possibly collect beneath one roof. To attain their aim, the Garden section members have sought to arouse the competitive interest of other sections, and to that end have offered small cash prizes in addition to the usual ribbon awards, for the best baskets submitted by the sections.

Mrs. Cood Adams, in charge of this new feature, today stated with due pride that she had received the 100 per cent co-operation of the clubwomen for the first, second and third Travelers, second, third, fourth, fifth, and sixth Household Economics groups. Current Events and first and second Book Review sections were all entering competitive baskets, and the last remaining section, Music, Art and Drama, had announced that it would complete the list.

Other clubs of the county federation have also been urged to compete, so it is believed that every available inch of floor space will bloom with its own flowery group. In addition, the Ebell sections are assuming the responsibility of tables or stands for their entries, together with the suitable background.

The single exception to the general flower display will be equally decorative, it is believed, for it is the arrangement of tables for serving dinners, luncheons, teas or any social event. Mrs. F. E. Coulter has charge of this feature, which will find its setting in the lounge. Santa Ana merchants are offering their co-operation by loaning the correct linens, silver and china services for the tables.

Thursday, the opening day, will be distinguished by an evening program available to the guests merely by payment of the small admission charges asked to the flower show. Mrs. A. G. Flagg, chairman of this feature, has arranged for a dance revue to be given at 7:30 o'clock by talented young pupils of Claire Coutant's School of Dancing.

At the conclusion of the hour, two favorite Ebell artists will be presented in three quarters of an hour of delightful music. Madame Manuela V. Budrow is coming from Los Angeles to sing, and

## PRINCE IS TO OPEN FAIR AT BUENOS AIRES

LONDON, Sept. 23.—The Prince of Wales intends to visit South America in the spring of next year. Once again he is going to be abroad as an Ambassador of the Empire, this time in the role of trade revival, for he is going primarily to open the British Empire Industries Fair at Buenos Aires.

This will mark the culmination of efforts to revive the British trade in South America, which has never recovered from the war, when America took most of it away.

The opening will take place on March 14 and the fair will continue for about six weeks.

It will be the first All-British exhibition to be staged outside the bounds of the British Empire. The way for it was paved by the economic mission of British industrialists under Lord D'Abernon, which resulted in the negotiation of a reciprocal agreement with the Argentine involving \$50,000,000.

It is estimated that the organi-

## No More Neuritis In Arms, Neck, Legs or Thighs

If you want to get rid of the agonizing pains of neuritis, neuralgia, sciatica or rheumatism, just apply Tysol to the affected parts and see how quickly all misery will cease.

Tysol is a powerfully penetrating absorbent, soothing and healing in its action, which goes in through the pores and quickly reaches the burning, aching nerves. Those stubborn pains in the back of the neck, about the shoulder blade, face or head, in the forearm and fingers, or extending down the thigh to the toe tips, will soon disappear. Cramping the muscles will stop and you will no longer be bothered with soreness, swelling, stiffness, numbness or tenderness of the joints and ligaments.

Tysol is not an ordinary liniment or salve, but a scientific new emollient that is entirely different from anything you have ever used. Don't suffer any longer. Get a supply of Tysol at any good drug store. Always on hand at S. Kelley Drug Co.—Adv.

## LONGER LIFE DEPENDS UPON BETTER MINDS

BERKELEY, Calif., Sept. 23.—(INS)—"To a degree unparalleled in previous ages, expectation of long life has come to depend upon better endowment of brains."

This is the assertion of Professor S. J. Holmes, head of the University of California department of zoology, and an international authority on eugenics.

Forces of evolution are still at work improving mankind, he declares, despite the decline of the birth rate among educated classes and the preservation of congenitally unhealthy individuals by medical science.

He seeks to allay fears of those who believe mankind has protected itself from evolutionary processes.

Among families of lower intelligence he contends the number of children is at present nullifying these forces but they only await the equalizing of births to become a potent factor in raising the mental level of humanity.

Dr. Holmes, who has just returned from Europe where he delivered the Galton lecture in London, has embodied his ideals in an article for the English eugenics review.

"The great mass of dull-minded human beings who are incapable of acquiring more than the mere rudiments of education and are unable to succeed in occupations requiring skill or executive ability are forced into the ranks of unskilled and poorly paid labor," he said.

"They are compelled to live on relatively poor food and in insanitary homes; and they suffer from inadequate medical assistance when they are ill. Consequently their mortality is high."

TAN PASSES AT RIVIERA  
Sun-tan is "out" at the fashionable bathing resorts along the Riviera in France, and shops in Cannes and Antibes have had raids for lily lotion and other preparations for whitening the skin. Swimmers wear large "cardboard" hats and smoked glasses in the water, and big cloaks and parasols are seized the moment the swim is over.

Spiritual service Thursday, Sept. 25, at 2:30 and 7:30 p. m. Lecture and messages to all by Mrs. M. Stratton. Moose hall. All welcome.—(Adv.)

**DETERMINED ANGLER**  
CRYSTAL BAY, Lake Minnetonka, Minn., Sept. 20.—(UP)—It took a persistent fish to get away from Mrs. V. W. Toberman of Minneapolis. While fishing at Crystal Bay last week end Mrs. Toberman had caught a number of sunfish. She was using a tiny hook and worms. Suddenly her

bobber went under. Her line broke close to the pole before she could land the fish and he got away. The next morning Mrs. Toberman was fishing at the same place again when she saw a bobber floating nearby. She rowed to the spot and this time landed the fish which still had her tackle securely hooked in his jaw.

## ARRIVED TODAY!

118 New Silk Dresses and Ensembles—

Just in time for our Removal Sale! We must be in our new home, 412 West 4th Street, by October 1st, and these Dresses go at this extremely low price along with all our other stock.

# LEADER TELLS FOREMOST AIM OF AUXILIARY

Mrs. Elva Hunt, president of the United Spanish War Veterans Auxiliary, which is handling pre-opening sales of family tickets to the Orange county fair, today commented on the objects of the auxiliary in this activity and other work done by that organization.

"Primarily, of course, the aim is to aid all soldiers, sailors and marines of the Spanish American war and their dependents, but the members do not confine their interests entirely to them," she said.

"They are at all time striving to bring a sunbeam into the lives of all veterans. One of the ways of doing this is by adopting ward No. 2 of the National hospital at Santa Fe. This ward is known as the receiving ward, where veterans of all wars await their assignment for hospitalization. We have completely furnished the sun parlor of this ward with tables, chairs, lounge, pillows and a book case, where we constantly are adding books and magazines. Not long ago jelly and preserves were taken there and now we are planning our Christmas cheer."

"One of the ways of earning money to keep up this wonderful work is by handling the pre-opening sale of fair tickets. By their purchase you not only help save for yourselves but you aid us in helping the boys who so cheerfully gave up their all that we might enjoy life and liberty. The time is short, and many ticket tables are placed on the street for convenience."

## Missionary Meet To Open In S. A.

Missionary groups from an area including Santa Ana, Long Beach, Downey, Norwalk, Anaheim, Green-ville and Talbert will meet in the Spurgeon Memorial Methodist church, South tomorrow at 10 a. m. H. F. Jones, for many years a missionary in Japan, will be one of the speakers. The meeting will be open to the public.

# ANOTHER CHANCE TO LEARN FIRST AID AND SAFETY

(Announcing study groups being organized by the adult department of the Santa Ana high school and some of the reading material that is available at the city library.)

In announcing today that a course in first aid and safety will be offered by the adult education department of the Santa Ana schools, Mrs. Golden Weston, director, pointed out that it has been possible to introduce this work through the co-operation of the Red Cross chapter in this city and T. E. Stephenson, president of the organization here.

This co-operation has made it possible to secure as instructor E. J. Bacon, of Los Angeles, a safety engineer of outstanding ability and experience, Mrs. Weston said. He will give a course in first aid and make a study of the principles of safety which will

be of special interest to industrial workers, police and firemen, as well as those engaged in other pursuits.

The course will lead to the granting of a Red Cross certificate. Practical demonstrations in advanced first aid will be given and the book issued by the American National Red Cross, entitled "In First Aid," will be used for the text. The Red Cross requires 15 hours of instruction for granting a certificate and the course here will include 20 hours of instruction.

Mrs. Weston stated that Stephenson had been instrumental in bringing about a contact between Red Cross district representatives and the adult education department and that the Red Cross will sponsor and help to finance the course.

# CROOKED JUDGE AND JURY HEAR FROSH TRIALS

With charges being hurled that the jury was "fixed," the judge bribed and the defense attorney squelched, students at the Santa Ana Junior college were laughing today over the trial held in the assembly this morning when members of the freshmen class were put on trial for not wearing "freshie" pins.

Abbott Mason, Associated Student body president, arranged the program. The program was opened with tryouts for yell leaders and John Crowley played a piano solo.

The curtain was then raised, disclosing a courtroom with two attorneys and a court reporter busily engaged. Francis Flinn, commissioner of forensics, acted as prosecuting attorney, while Tommy Cone, freshman class president, tried to represent the freshmen but was continually overruled. Oran Asa acted as court reporter and Ray Glesener as bailiff.

The court was opened by "Sky" Dunlap, the judge, who had the prisoners brought forward on the stage. After each was given a trial, the jury rendered a "guilty" verdict on each and the judge made them do stunts on the stage, such as rolling potatoes with noses, singing songs, reciting poems and other equally amusing things. Several of the prisoners will be forced to carry their books in an old suitcase for the rest of the week, carry chains around their necks and undergo some type of punishment.

The jury was composed of 12 sophomores leaving no element of chance for the frosh. Jury members were Maybelle Ball, Warren Schutts, Vernell Butler, Helen Hendricks, Ada Marie Hendrickson, Willard Minor, Marjorie Walton, Bob Williams, Virgil Brown, Norman Wood, Gene Olsen, Frank Mansur. Arthur Jacques acted as musician and played appropriate music during the various parts of the trial.

Immigration of Chinese coolies has been restricted by British Malaya.

## Nominee Unable To Speak Here

Milton K. Young, Democratic candidate for governor of the state of California, who was scheduled to speak at a mass meeting in Birch park tomorrow night, will not be able to be here, according to word received by his headquarters in Santa Ana.

Due to the Democratic state convention in Sacramento Young was forced to forego his visit here for the time being, but he sent assurances that he will come at a later date which will be announced shortly.

# FEDERATION OF RELIEF CORPS HOLDS MEETING

The Women's Relief corps of federation No. 1, met in the civic auditorium at Huntington Beach yesterday, with the president, Mrs. Rachel Artz presiding.

Six veterans of the Civil war were escorted to seats on the platform, Comrades Reed, of Whittier; P. O. Andrews, of Corona; John McKibbin, and George W. Hall, of Orange, and George Rolfe, Santa Ana. A past national president of the Women's Relief corps, Mrs. Grace B. Willard, Los Angeles; past department officers, Ida Gribbling, of Los Angeles; Gladys McDonald, of Orange; Estelle Grey, Santa Ana; Elizabeth Wright, Huntington Beach, and Mrs. Bessie Windham, of Huntington Beach, a Gold Star mother, were escorted to the platform.

Mrs. Margaret Long, of Costa Mesa, presented the traveling flag to Mrs. Nellie Shoemaker, of Huntington Beach. Mrs. Shoemaker then extended a gracious welcome to the women of the federation. It was responded to by Gladys McDonald, of Orange.

Splendid reports of the summer's work were given by the corps presidents. After a delicious dinner served by the women of the Huntington Beach Baptist church.

The following program was given with Mrs. Bertha Andrist, chairman; a short talk by Mrs. Grace B. Willard; address by Mayor of Huntington Beach; violin solo, P. Odenbrite, Long Beach; banjo solo, Ed Tooles; violin solo, Mrs. Blanche Loretz; "My Trip to France" by the Gold Star mother, Mrs. Bessie Windham; vocal solo, P. Odenbrite; violin solo, G. F. Andrist; recitation, Billie Ann Austin; piano solo, Louise Penrod, and talk by Berta Holland, of Whittier.

The federation will meet the fourth Monday of November, in Belflower.

The following members attended from Santa Ana: Mrs. Estelle Grey, Emma Wright, Ella Wilson, Hattie Cozad, Belle McConnell, Flora Rolfe, George Rolfe and Ida Miller.

Japan is sending 4,000,000 pieces of pottery to Manchuria every month.

Voted No Captain  
For the first time in 46 years of football history at the University of Illinois, the Illini team has no captain. The 15 letter winners eligible to vote at the end of the 1929 season marked their ballots "no captain."

Lowest fares east ever offered end September 30. Chicago only \$47.50, choice of routes. For any trip see Southern Pacific agents, M. J. Logue, Phone 268, or S. W. Sala, Phone 278.

# FROLIC PRESENTS UNIQUE PROGRAM

The second KREG frolic, staged last night, provided unique entertainment for listeners and afforded artists who appeared an opportunity for informal enjoyment in the studio of the Santa Ana radio station.

Those who took part in the program were Lyle Anderson, Elizabeth Reeves Hubbard, Dot and Ben, Ann Scheffer, Doc and Ray, Velma Browne and Eugene Browne. KREG program manager, who acted as master of ceremonies.

One of the snappy features of the program was the line of chatter and humorous "gags" sprung by Browne and Anderson.

## Dandruff Crust Quickly Dissolved

One after another, a million men and women have made this discovery; that this simple method does dissolve the crust of dandruff; puts the scalp in the pink of condition, makes hair soft, lustrous, thick and vigorous.

Get a bottle of "Danderine" from your drug or toilet counter today. Put a little on your brush each time you dress your hair. Penetrating to the head, its soothing aid soon has an itching, feverish scalp cool, comfortable, healthy. The crust of dandruff simply melts away.

Dandruff is unsightly. It is the cause of grayness, baldness, dry, brittle, dull hair. When the scalp is freed from this irritating scurf, Danderine soon has the hair back in condition; soft, glossy, thick, vigorous and youthful-looking. Start on Danderine today and end hair worries. A thirty-five cent bottle will demonstrate its merit!—Adv.

## Court Notes

Suit has been filed in superior court by Harriet Taylor against the Orange County Improvement association, et al, in which a court order is sought voiding an easement that was granted in an agreement signed May 26, 1926. Property concerned in the matter is part of the old channel of the Santa Ana river bed, to which the city of Newport Beach gained title by court action and legislative act in 1929.

## Doctor's 3 RULES Big Help to Bowels

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh, laxative herbs, pure pepsin and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

Clean up that coated tongue, sweeten that bad breath, and get rid of those bilious headaches. A little Syrup Pepsin will soon free the bowels from all that waste matter that makes the whole system sluggish. You'll eat better, sleep better and feel better.

You'll like the way Dr. Caldwell's Syrup Pepsin tastes. The way it works will delight you. Big bottles—all drug stores.

DR. W. B. CALDWELL'S  
**SYRUP PEPSIN**  
A Doctor's Family Laxative

## YOUR COMMUNITY BANK

OUR AMBITION is to make this truly a "community bank"...an institution around which centers sincere efforts to help the business interests of the community, to aid home owners and generally promote its progress and increase its attractiveness.

Our facilities for accomplishment along these lines are unexcelled by any other bank. The large resources of the institution are at our command for sound banking projects. We can also have the greater Bank's help in obtaining business information useful locally...in establishing valuable business connections for local people.

Think of us as your neighbors...helpful, cheerful, confident of the permanence of this community's prosperity...and anxious to help promote it.

SANTA ANA BRANCH  
FRANK J. WAS, Manager  
Fourth and Main Streets

SECURITY-FIRST NATIONAL  
S BANK OF LOS ANGELES

## WOMEN URGED TO ATTEND CLASSES

Santa Ana women interested in the dressmaking course given Monday and Wednesday from 1:30 to 4:30 p. m. and the home making course offered Friday from 1:30 to 4:30 p. m. in the home economics department of the Junior college were requested today to meet with the classes this week in room 255, college science building.

Information regarding contents of the courses will be given out, according to Miss Hazel Dawson, who also can be reached through the Junior college office.

Gasoline consumption in Mexico this year is estimated at 79,253,300 gallons.

## Gas on Stomach Is Dangerous

Gas, pain, bloating and sourness after eating almost always mean "too much acid" in the stomach. The condition is dangerous. Acid irritates the stomach lining and may lead to ulcers. Gas forms and presses against the heart. The stomach needs an alkaline. Bismuth Magnesia—powder or tablets—is the ideal method of getting safe, quick, lasting relief. It neutralizes the excess acid, sweetens the stomach, breaks up the gas, stops the pain and sourness. Food digests naturally. It must give prompt relief or money back, say druggists everywhere who sell it on this iron clad guarantee—Adv.

## UNIFORM RULES FOR GOLF LINKS URGED

Miniature golf, which has all the essentials of a "good game" and which is the daily pastime of thousands of people in Orange county, is being harmed through the constant infraction of a few simple rules.

So say R. A. Stubbs Jr., co-proprietor of the new Ritz indoor course at Fifth and Bush streets, and George Platt, manager of the Mission golf course, Third and Bush streets, who today told plans for the promotion of a city wide system of uniform rules. They hope to use The Register's miniature tournament as the means of putting their ideas into effect.

According to Stubbs, the strict use of golf etiquette in regard to "the honors," the elimination of the practice of pitching from the tee directly to the green to avoid traps and hazards along the "fairway," the clarifying of the rules on the stylic and, possibly, the adoption of a par for women are among the things it is hoped every course in the city will include in its "house rules."

## RADIO DOLLS PLEASE BERLIN

Dancing radio dolls have become popular in Berlin, Germany, and whenever shown in store windows have attracted large crowds. A box of bakelite composition has attached to it a thin bakelite sheet which is both the diaphragm of the speaker and the dancing floor, and is operated by a standard small magnetic speaker. The source of the motion of the dolls is the vibration of the diaphragm to the sound frequencies.

## ORANGE COUNTY BOY SCOUTS TO RECALL LIFE AT ROKILI WITH DINNER RALLY FRIDAY

A rally, re-union of campers, and dinner for Boy Scouts of the county is planned for 6:30 p. m. next Friday, at the Y. M. C. A. by scout executives, it was announced today. The boys have invited their parents and scoutmasters to join them at the dinner and rally and a large attendance is expected.

The feature of the evening is to be presentation of camp awards, earned by scouts during the camp period at Camp Ro-Ki-Li in the San Bernardino mountains this summer. "The 1930 campers have been looking forward to this re-union with high hopes," Scout Executive George Walker said in commenting on the affair. "It means a chance for them to re-live all the happy incidents of camp life."

The evening is being sponsored by the 1930 camp staff, consisting of Henry Umack, former field executive, John Winn, Kiyoshi Higashi, Fred Nunlist, Albert Spencer, Bob Walker, Jack Pegues, Jack McFarlane and Christy T. Allen. Boys are expected at the event from Santa Ana, Anaheim, Fullerton, Orange, La Habra, Brea, Huntington Beach, Laguna Beach, Newport Beach, Costa Mesa and Tustin.

The campers and their ratings are as follows: Satisfactory Campers: George Adams, Reynold Block, Frank Chapman, Elwood Chats, Leonard Collins, John Daley, Franklin Davis, Harry Durbin, Max Nohr, Enolt, Robert Fowler, Dick Frazee, John Frietas, Dick Goettling, Jimmie Griffith, John Haskell, Hallman Hepburn, Roy B. Hill, Clifford Lakeman, Charles Langmade, William MacArthur, Jack MacFarlane, Franklin Munsel, Arthur Nisson, Robert Pannell, Peter Plumb, Albert Queyrel, Donald Ray, Thomas Rollins, William L. Shields, Gerald Smith, Donald Stevens, Philip Strickland, Robert Townsend, Steward Wasson, Robert White, Sammy Wright, Howard Newman, George Linnert, and I. Van Gorkum.

Honor Campers: Carl Allison, Leonard Ash, Carl Bower, George Bronner, Jack Dodge, Charles Downie, Alfred Eastman, Glenn Gardiner, Richard Gilliland, Loren Gillogly, Kiyoshi Higashi, Marvin Hinton, Nathan King, Fred Livingston, Eugene McMillan, Jack Pegues, Jim Pegues, Macaulay Ropp, Earl Ruddy, Hal Smith, Oswald Thompson, Robert Walker and Gordon Almas.

Tribe of Gorkonia: Christy T. Allen, Russell Abbey, Norman Andrew, Johnny Griset, Walter Koontz, Alex Lowe, Arthur Salisbury, Weston Sprague, Henry Umack, Fred Nunlist, Albert Spencer and William Spurgeon Jr.

**SUNSET BEACH**  
SUNSET BEACH, Sept. 23.—The Misses Billie Jenkins and Ethel Osborne, accompanied by Genevieve White, of Huntington Beach, attended the Long Beach Junior college dance at the Belmont Beach club Friday night.

Glen Varley, of Bay View drive, has left for Julian, where he will work in the mines.

The Sunset Beach Woman's club met Thursday afternoon at the home of Mrs. Inez Jamieson. The time was spent in sewing. Miss Carla Mae Jamieson rendered several beautiful piano selections after which the hostess served ice cream and cake. Those present were Mesdames Fannie Allen, Coda Armistage, J. Bennett, Olive Cresswell, Frances Earl, B. Gardner, R. Gilchrist, G. Hastorf, W. Herring, E. Ivey, Inez Jamieson, May Jenkins, Lenore Johns, Grace Schlosser, S. G. Varley, Louise Wood.

J. C. Sheeley, cement contractor of Park Avenue, is putting in a cement shower and dressing rooms in the Cole cottage on Coast highway, for C. B. Thorpe, of Long Beach, who recently purchased the property.

Miss Elsie Armistage, accompanied by friends, will spend a few days vacation at Lake Arrowhead.

## Toastmasters To Meet Wednesday

The Toastmasters' club will enjoy a lively program Wednesday night in its regular weekly session of oratory and debate, A. G. Green, popular toastmaster, will preside. His program will be as follows: "Recent Trans-Oceanic Flights," by J. B. Head; "Polar Fatalities," by Robert Speed; "Let Your Rent Money Buy a Home," by A. C. Hasenjaeger; "Advertising — Who Pays For It?" by C. E. Perryman, and "Thinking It Over," by W. K. Hillyard.

## ANAHEIM

ANAHEIM, Sept. 23.—Mr. and Mrs. Lloyd Shrode, of South Palm street, have left for Heckle, South Dakota, where they will visit Mrs. Shrode's father, Mr. Hays. They are making the trip by automobile.

Dinner guests at the J. E. Rymer home Sunday were Mrs. Rymer's parents, Mr. and Mrs. J. W. Lutes, of Orange.

Mr. and Mrs. C. A. Peck were guests Sunday of Mr. and Mrs. D. W. Dawley, of Long Beach. While there they enjoyed a trip on the host's yacht.

Returning from a deer hunting party in the San Bernardino mountains for a week were James Baker and Bryan Hardy, of West Broadway. Charles A. McCullah, of Fullerton, Mr. Koehler and J. E. Rymer of Anaheim. Joining the party for the week end were Mrs. Bernice Schacht and daughter, and Mr. and Mrs. G. L. Lyon, all of Anaheim. While the party did not get their limit, they report hunting exceptionally good and several deer were brought down, the finest specimen being a four-pointer, 145 pounds dressed, shot by McCullah.

Mr. and Mrs. Leo J. Fris spent Sunday in Long Beach with the parents of Mr. Fris, Mr. and Mrs. Anton Fris. A birthday dinner was held honoring the mother.

Honoring Miss Mary Alice Grimshaw and her mother, Mrs. Emma Grimshaw, who spent the summer months touring Europe, Mr. and

Mrs. G. H. Goodale entertained at their home on Euclid avenue, members of the White Temple Methodist church choir with their husbands and wives and a few friends Friday evening.

Present with the guests of honor and the hosts were Mr. and Mrs. Demaree, Mr. and Mrs. D. Lyman Harpster, Mr. and Mrs. Lloyd Puryear, Mrs. Corrie, Mr. and Mrs. Fred Edwards and daughters, Marjory and Bessie Marie; Mrs. Carol Yonge, Mary Margaret Yonge, Mr. and Mrs. E. A. Collins, Kathryn and Ellen Collins, Alice Gill, Mr. and Mrs. N. R. Phillips, Mr. and Mrs. A. L. Knipe, Mr. and Mrs. C. E. Steninger, Mr. and Mrs. C. H. West, Mrs. J. C. Osher, Edwin Osher, Mr. and Mrs. C. A. Peck, Miss Madeyn Conover, Percy Olds, Mr. and Mrs. Albert Cranston, Miss Ruth Taunton, Mr. and Mrs. Wesley Eberhard, Rev. Ralph W. Lee, Mrs. J. E. Rymer, Miss Ruth Rymer and Kenneth Goodale.

## FULLER PARK

FULLER PARK, Sept. 23.—Mrs. Frank Crathy was hostess to the members of the Happy Hour Sewing circle Friday, complimenting Mrs. E. Frary on her birthday anniversary. The table was prettily appointed in pink and white centered with a birthday cake in the same colors with pink candles. Mrs. Frary was presented with a gift by the members. Mrs. George Osborne and Mrs. Vernon Everett, of Fullerton, assisted the hostess. The next hostess will be Mrs. A. V. English.

Attending the pot-luck dinner given by the Homebuilders of the Methodist church Friday evening were Mr. and Mrs. R. L. Anderson, Mrs. F. Guthrie, Mrs. C. Hertzler, Mr. and Mrs. A. L. Cook, Mr. and Mrs. E. R. Lundy, Richard and Leonard Anderson, Misses Maxine Anderson and Gwendolyn Frary. Mrs. Anderson was chairman of the committee on arrangements.

Tom Guthrie was brought home from the Whittier hospital last week. He is doing nicely but still confined to his home.

Mrs. E. Frary was a luncheon guest of her sister, Mrs. J. E. Collins, of Los Angeles, Thursday.

Miss Gussie Reeds, of Kansas

City, Mo., was a visitor at the home of her cousins, Mr. and Mrs. F. Corliss, Friday.

Mrs. W. J. Schulz was an all day guest of her mother, Mrs. W. A. Reynolds, of Los Angeles, Thursday.

Mr. and Mrs. J. Parker and daughter, Audrey, were dinner guests of Mr. and Mrs. Homer Welsh, of Santa Ana, Wednesday evening.

Mrs. C. G. Whitton, of La Porte, Ind., is the house guest of her son and his wife, Mr. and Mrs. D. G. Whitton, of West street.

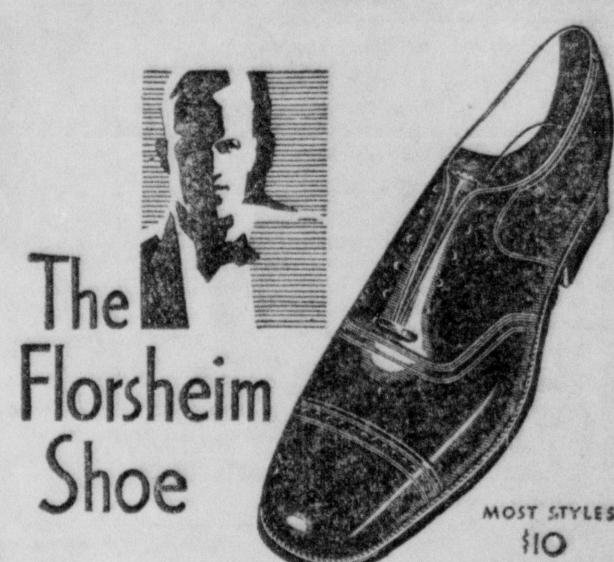

Mr. and Mrs. T. B. Guthrie had as dinner guests Thursday, Mr. and Mrs. Richard Bridges and son, Richard Jr., of Pasadena. Mrs.

Jessie Seabury and William Henshe, of Los Angeles, were all day guests Friday.

Mrs. E. R. Lundy was an all day guest of her daughter, Mrs. T. Timmerlake, of Los Angeles, Thursday.

Mrs. Leonard Folles was an all day guest of her sister, Mrs. S. S. Miller, of Los Angeles, Saturday.

The theft of a 1927 model coupe with blue body and black wheels, was reported last night to police headquarters by Hart's Car market at Fourth and French. The car was parked on Sixth street between Broadway and Birch, and stolen between 7 and 10 o'clock last night.

## McCoy's Year Round Hand Lotion Only 50c

A new preparation now being introduced by McCoy Stores made by us in our own laboratory and guaranteed to be the best lotion of its kind you ever tried. Ten seconds and it's dry makes rough, red hands smooth as silk in one night. Women who do their own housework will be highly elated with the results of one application of McCoy's Year Round Hand Lotion. A liberal size bottle for 50c.

## For Itching or Cracked Toes

If your toes burn, itch, crack or blister, chances are you have "athletes foot." The best remedy obtainable at the present time is McCoy's Toe Ointment. The very first application will give you prompt relief and its continued use over a period of a few weeks will cure you entirely. Get a jar of McCoy's Toe Ointment today and find out for yourself what great relief it affords. Sold at all McCoy Stores—Price 75c jar.

## One Application Relieves Eczema

For dry scaly or itching eczema there is nothing that relieves so quickly and thoroughly or that gives the lasting results that you get from McCoy's eczema ointment. It has healed where all else has failed. It stimulates the growth of healthy new skin over all the red, tender or itching spots. Chronic cases of years' standing have been relieved. Compounded in our own laboratory by McCoy himself and for sale only at this drug store. Sent postpaid to any address upon receipt of price—\$1.00 and \$1.75 sizes.

## Constipation Disappears

To keep the bowels properly regulated take McCoy's Liver Tablets. They do not gripe. They do not contain any calomel. They have a tonic effect that aids digestion and they relieve gas on the stomach, bad breath and torpid liver. They cause your stomach and intestines to function properly. You will enjoy your food and the world will look brighter the day you start using McCoy's Liver Tablets. 40 Tablets, 30c; 100 Tablets, 60c; 200 Tablets, \$1.00. For sale at all McCoy Stores.

## VELOX IS BEST—For Your Snap Shots

Now more than ever have your Kodak finishing done at McCoy's, because now all snap shots finished at the McCoy's are printed on genuine Eastman Velox Paper. Most finishers use Azo because it's not so expensive. And not nearly so good.

**Why Velox?**  
Because it is the best Photo Printing Paper Eastman knows how to make. McCoy's Velox pictures will show more detail. The lights and shadows are brought out more clearly and every line is clear cut and distinct. Leave your films at McCoy's and you will be delighted with your snap shots.

## 1930 IS REWARDING CAREFUL SAVERS

## HOW SAFE?

Safety is a general term. See that it means something very definite where your funds are concerned.

Our savings customers take satisfaction in knowing that for over forty years their funds have here enjoyed unquestioned and unbroken safety... have never fluctuated from par... have earned attractive interest without interruption... have been available in full without loss of principal.

But our customers take even greater satisfaction in knowing the distinctive factors of protection that this, the largest building and loan association in the Nation, maintains in their behalf today, such as:

—the largest non-withdrawable invested capital and the largest voluntary cash and bond reserves of any building and loan association in the West; a statement free from real estate, furniture and fixtures and bank indebtedness.

—and as an added factor of protection, a 7% loan rate, made purposely low to bring us the choicest first lien collateral offered to any California building and loan association.

On the basis of these distinctive factors of safety we solicit your consideration of our 6% and 5 1/4% facilities for savings. Send for our Statement.

## Hornsby New Cub Manager

### MCCARTHY MAY GO TO YANKEES NEXT SEASON

CHICAGO, Sept. 23.—(UP)—Rogers Hornsby, star second baseman of the Chicago Cubs, will succeed Joe McCarthy as manager, William Wrigley Jr., owner of the Cubs, announced today. Hornsby is returning with the Cubs from the disastrous road trip that cost them the pennant, and will confer with Wrigley on arrival regarding his new assignment.

Wrigley's announcement confirmed rumors that have kept Cubs fans in a ferment of excitement since the team left on an eastern invasion three weeks ago with the National league pennant in their grasp and ran into disaster in the form of 13 defeats in 22 games.

Charley Grimm, captain and first baseman of the Cubs, also was mentioned as McCarthy's possible successor. But Hornsby, for whom the Cubs paid the Boston Braves a sum conservatively estimated at \$150,000, was regarded as an almost certain choice. Wrigley's announcement confirmed popular beliefs.

Hornsby was with the Cubs in a train due to arrive from Boston this afternoon and did not know that he had been singled out for McCarthy's job. However, Cub officials felt confident that they would come to terms without difficulty and that he would accept.

Bothered by an ailing heel that slowed him up earlier in the season, Hornsby had not played regularly since May 30, when he fractured his leg sliding into a base. In 1929, he was regarded as the factor that clinched the Cubs' National league pennant victory. He is 37, well along in years, as baseball players go, however.

McCarthy managed the Cubs to a National league pennant in 1929 and overcame a series of distressing setbacks this season to keep the Cubs in the thick of the fight until the waning of the season.

The death of Hal Carlson, veteran pitcher; Hornsby's bad heel and leg injury, the enforced vacation of Riggs Stephenson, hard hitting outfielder; an injury to Captain Grimm, a complete collapse of his pitching staff, including injuries to Charley Root and Sheriff Blake—those were some of the setbacks the portly Irishman battled against.

Although he leaves the Cubs, it is with the best of wishes. Owner Wrigley, and with possibility that he will be approached by the New York Yankees, whose contract with Manager Bob Shawkey expires this year, and one or two other clubs.

### Cards Need 3 Of 5 Games To Win Flag

The St. Louis Cardinals today needed three victories in their five remaining games to clinch the National league pennant even if the Chicago Cubs win their remaining four games.

The standing in that event would be:

St. Louis	91	63	591
Chicago	90	64	584

The Cardinals can tie for the flag by winning two of their remaining five games, even if the Cubs win all four of their games. St. Louis had its final road game of the season scheduled today at Philadelphia against the Phillies. After today's game, the Cardinals have four games at home against Pittsburgh. The Cubs were idle today, but have four games left to play with Cincinnati at Chicago.

Both the Cards and Cubs won yesterday, St. Louis beating Philadelphia, 15-7, and Chicago trimming Boston 6-2. Gus Mancuso led the Cards' attack with four hits, driving in four runs. Hack Wilson hit his 53d home run of the season for the Cubs, with a runner on base.

The standing before today's games of the leaders in the National league race, games behind and games left to play follows:

St. Louis	88	61	591	5
Chicago	86	64	573	2 1/2
Brooklyn	84	65	564	4
New York	84	67	556	5

The New York Giants have been definitely eliminated from even a chance at the tie with the Cardinals, while Brooklyn will pass out of the pennant picture if the Giants beat the Robins in the last game of the season between these two teams today. The Robins have lost five straight games after winning 11 in a row.

### JOE REESE IN MAIN EVENT AT SAN FRANCISCO

Joe Reese, fighting little Santa Ana lightweight, whose clever footwork has been the defeat for many a puncher, left here yesterday for San Francisco where he fights the main event at the Dreamland arena Friday night with "Babe" Marino, Italian boy, whose record around the bay district has kept him in the main spot for some time.

The bout is a "break" for Reese. If there ever was one. Up again the type of fights Reese likes best, chances are that the Santa Ana lightweight will come through with flying colors. Reese will never hurt, but his trainers believe he will be able to box rings around the Frisco boy.

Adam Moraga, stablemate of Reese's left also for San Francisco where he will fight in one of the "four's" Friday night.

### CAMPOLO AND SHARKEY TAPER OFF FOR BOUT

NEW YORK, Sept. 23.—"Weather and the law permitting, the Sharkey-Campolo heavy weight match will go on as originally scheduled Thursday night at the Yankee stadium."

So said William F. Carey, the ruling power at Madison Square Garden, today by way of firmly denying that the sponsors of the fight sought a postponement in any shape, manner or form.

"Sharkey admitted he had been sick; there had been stories that he was overweight and lazy and that he was not prepared to put forth his best foot. These we found to be untrue. Sharkey said that he had got over a slight touch of ptomaine poisoning and now was fit."

As a precautionary measure—one calculated to safeguard the public interest—Sharkey will receive a thorough examination today at the hands of Dr. Walker, of the state athletic commission.

The principals wind up serious training today, Sharkey at Stillman's gym and Campolo at Orangeburg. Each is scheduled to box six rounds, traveling at a fast clip, to the benefit, they hope, of their timing, judge of distance and for the strengthening of their legs and breathing power. Tomorrow they will taper off, light exercises being the order of the day.

Both went through stiff drills yesterday. Campolo showed terrific punching power against Carl Carter, Sylvan Taylor and George Orlandi, the first two coming out of the ordeal with cut and bruised eyes.

### Health Causes Don Player To Retire

Bill Darnley Jr., Santa Ana Jaycee football candidate, has quit the squad for the season due to a general run down condition, it was made known today by his father.

Young Darnley practiced for several days with the squad and then quit school. There was some speculation at the time as the cause for his action.

The elder Darnley said today that Bill Jr. had lost 21 pounds during the summer and that his physical condition was not what it should be. For that reason, he was taken from school and will be given outside work for awhile, with a hope that he can re-enter the junior college in the spring.

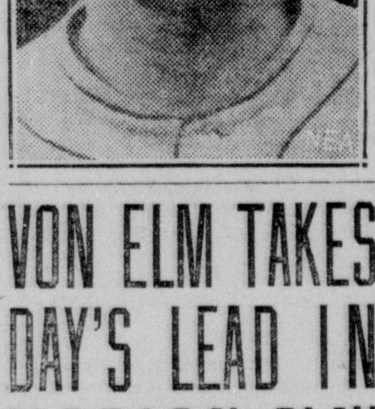

### Murphine Winner At San Clemente

SAN CLEMENTE, Sept. 23.—Mayor Thomas P. Murphy won the first fight cup in San Clemente's first invitational tourney staged at the Spanish Village links. In his final match with Fred Amundson the mayor won three and two.

Going to the fourth hole of the second round Amundson was four down. He rallied and won two holes, halved one and then with a chance to make the match dormie lost the 17th to lose the match three and two.

### "ON THE SPOT"

Here is Flint Rhem, St. Louis Cardinals' pitcher, who says two armed men forced him to go along with them and poured liquor into him the night before he was to pitch in a recent crucial game against the Brooklyn Robins. Rhem turned up at the Cards' hotel in Brooklyn after being missing 36 hours.

### VON ELM TAKES DAY'S LEAD IN MERION PLAY

MERION CRICKET CLUB, ARDMORE, Pa., Sept. 23.—(UP)—George Von Elm, the grim, taciturn golfer from California, who has announced that this is his last amateur championship competition, took the lead over the field today in the National Amateur Golf tournament with a sparkling round of 70, par for the course and an aggregate of 143 for his two qualifying rounds.

Starting the day four strokes behind Bobby Jones, Von Elm alone flashed the game calculated to overtake the Atlantan. A brilliant inward nine of 33, one under par, gave the Californian a lead over the remaining 160 contenders.

Von Elm's card:

Out	454	554	443-87
In	444	242	534-22-70-73-143

Next to Von Elm's valiant effort in pursuit of Jones was the smashing comeback of Harrison R. (Jimmy) Johnston, the defending champion just when it was feared he might not qualify.

Jimmy added a 73 today to his 83 on Monday to nose in among the qualifiers.

After half of the favorites who trailed him in the opening round had made their bid to overtake him, and had failed, Bobby Jones set out on his second round. The gallery was more numerous than yesterday, and more unruly, storming over the course and breaking through the lines as the Atlantan and his partner, Emory Stratton, of West Newton, Mass., set out.

### TRAINED TO COACH

Through a well developed system of intra-mural athletics, all West Point graduates are qualified to train and coach in eight or nine different sports. More than 1000 cadets participate in the program of 12 sports.

LOS ANGELES, Sept. 23.—The 1930 Southern California Open championship will be held at the Agua Caliente, Mex., course October 3 to 5. Secretary J. A. Patterson of the Los Angeles Professional Golfers' association, announced today. A \$1200 purse, with trophies for amateurs, has been put up.

### CRUSH NICKY PLAYERS 10-3 IN SWAT FEST

Arnold Peek's meat cutters, winners of the last half of the city night league baseball loop, were well on their way to the city championship today, following their crushing defeat of the Builders' Exchange club, in the first game of the play off series, held last night in the Olive bowl. The score was 10 to 3.

Getting an early jump in the contest, the Market players scored five times in the first inning, icing the game from the start.

They added one more in the second and three more in the fifth, gathered a total of 10 hits off two opposing pitchers, including two home runs and never allowed the Builders to get within striking distance.

Strikes Out Eleven

Ed Banta, star twirler for Peek's, was again in rare form last night. Inclined to be a little wild, he walked four men, two of which scored, but in the pinches he was invincible. He struck out 11 men, and collected a home run for himself.

Peek's scored five runs in the first on five straight singles and two errors at first base. In the third they added another when Snow singled and went to third when the ball was "lost" in the infield, later scoring on a single over second base.

Don Jerome, hard hitting center fielder smashed a home run in the fifth, scoring one ahead of him for two of the three runs made in the fifth.

The Builders scored two in the second. Heard doubled. Echols struck out. Harless struck out. Nicky walked. Hankmeyer walked and Heard and Nicky scored on pass balls.

In the third the Builders added their only other score of the game when Willcutt fanned, Grisef fanned, Wayne Vance singled, Wendell Vance singled sending Wayne to third and Wayne scored on a fielder's choice to first base.

The game, first of a two out of three series for the city championship was unusually well attended. The second game of the series will be played at the bowl tomorrow night at 7:30 o'clock.

### California Open Starts At Agua Caliente Oct. 3

LOS ANGELES, Sept. 23.—The 1930 Southern California Open championship will be held at the Agua Caliente, Mex., course October 3 to 5. Secretary J. A. Patterson of the Los Angeles Professional Golfers' association, announced today. A \$1200 purse, with trophies for amateurs, has been put up.

### MANY SHOW CLASS AS THEY START IN PURSUIT OF BOBBY JONES IN MERION TOURNEY

BY FRANK GETTY  
United Press Sports Editor

MERION CRICKET CLUB, ARDMORE, Pa., Sept. 23.—(UP)—The pursuit of the start of the second qualifying round of the national amateur championship, was taken up today by the star players at Merion who are seeking to come between the Atlantan and his ambition toward his fourth major championship of the year.

Don Moe, the youthful Oregonian, who had a 74 yesterday, was the first of the seeded stars and examiners to tee off. Don put his opening tee shot into a deep trap not 200 yards away, and the chase was on.

Jones, who led the field in the first round with a 69, one under par, was not due to start until afternoon, and the crowds at Merion have eyes for no one else.

Jimmy Johnston, the defending champion, was next of the seeded stars to get away. The handful of spectators at the first tee scarcely noticed him. Johnston was grim lipped as he started off, for his 83 of the opening day left him with the possibility of not even qualifying.

George T. Dunlap, Jr., the intercollegiate champion, who had a 71 to take fourth place at the end of the first 18 holes, started brilliantly again today. The Princetonian bagged a birdie at the second hole, and was one under par going to the fourth.

In contrast to this good start, Roland MacKenzie of Wilmington, took nine at the first hole this morning and appeared unlikely to qualify as he had an 83 for his first round.

Dunlap, the Princeton star, continued to play brilliantly and exposed the weaknesses of some of the more famous players.

and each year they turn over a set of last year's reserves who have.

At U. S. C. Howard Jones will share with California and Stanford the loss of star material, Russ Saunders, brilliant quarter, and Tapan. All-American end, are gone. For the most part, however, his squad looks like another great Jones team, with Marshall Duffield looked to fill Saunders' fast flying boots.

"Pop" Warner gloomily contemplates the loss of seven of his best men, including the behemoth Fleishacker, "Chuck" Smalling, "Mush" Muller and the invaluable Walt Heinicke.

Pop's grief is tempered somewhat every time his eyes stray toward a giant figure in a candy striped jersey—Harlow Rothert, strided champion shot putter in spare moments, and star who can do everything on a football field.

Jimmy Phelan has taken over a heavy burden at Seattle. The Washington Huskies made a miserable showing last year, but the material grows big up there, and many expect a renaissance like the old Dobbie days now that friction of the loss of Los, Elsan and six other stars. Price has been fortunate in having smart assistants

### SAINTS BATTLE TWO TEAMS ON FRIDAY HERE

With the booking of two games Friday afternoon instead of one, the Santa Ana high school football team buckled down to work today to prepare for the invasion of Tustin and Orange high schools on Poly field.

Coach "Tex" Oliver has had the Orange conflict scheduled for some time but completed arrangements this morning with Coach Bill Cole of Tustin whereby the Saint second team will engage the farmers at 2:15 p. m. and following right after, the varsity will take the field against Orange.

Regardless who Oliver decides to use, the backfields of both the first and second team will be virtually as strong as each other but the work of the lines will be watched with interest to see how the non-letterman forward wall handles itself.

Oliver inherited a wealth of backs but was forced to build his line from the ground up.

While the Saints are preparing for the Tustin and Orange games, the Santa Ana junior college Dons recuperated after the game with Chaffey on Saturday and looked ahead to the tough game with the University of Southern California freshman on Poly field Saturday afternoon. Last year, the teams fought a scoreless tie but it would be a reversal of form for the Dons to win this year. Coach Aubrey Devine of the Trojans has a strong team but he also had a strong one in 1929 when the Dons upset the dope bucket.

### Fort Worth Team Champs Of Dixie

FORT WORTH, Tex., Sept. 23.—The Fort Worth Panthers, winners of the 1930 Texas league pennant today held the baseball championship of the south. The Panthers clinched the title yesterday by defeating the Memphis Southern league champions, 13 to 6, in the deciding game of the Dixie series.

### Young Ty Cobb May Become Football Star

NEW HAVEN, Conn., Sept. 23.—(INS)—A famous name in baseball may thrive future football crowds.

Tyrus Ramond Cobb, Jr., son of the noted ball player, is trying out for a backfield position with the Yale Freshmen football team. He is one of 150 candidates for the team and has a fair chance to land followers of the frosh squad said today.

### Outboard Motor Boat Makes New World's Record

CHICAGO, Sept. 23.—Fifty miles an hour—goal of outboard motor racers—was exceeded for the first time in history yesterday when Ray Pronozern Jr. of Antioch, Ill., set a new world record of 50.93 P. H. in the mile trials for speed held by the National Outboard association at Fox Lake, Ill.

### MERION QUALIFYING SCORES

MERION CLUB, ARDMORE, Pa., Sept. 23.—(UP)—Probable qualifiers for match play in the 34th national amateur championship today were:

George T. Dunlap Jr., Garder City, N. Y., 71-76-147.

Woody Pettit, Chestnut Hill, Pa., 78-75-153.

Don Moe, Portland, Ore., 74-83-157.

Phillips Finlay, Southampton, N. Y., 80-75-155.

Charles Seaver, Los Angeles, 79-76-155.

Harrison R. Johnston, Dellwood, Minn., 83-73-156.

George Voigt, Douglastown, N. Y., 76-78-154.

John E. Lehman, Olympia Fields, Ill., 78-75-153.

W. Lawson Little, San Francisco, 73-78-151.

Eugene Hgmans, Englewood, N. J., 80-72-152.

George Von Elm, Los Angeles, 73-79-143.

Johnny Goodman, Omaha, Neb., 78-76-149.

C. Ross Somerville, London, Canada, 75-80-155.

Edmund Briggs, Great Neck, N. Y., 79-76-155.

John Goodman, Omaha, 76-73-149.

Will Gunn, Philadelphia, 75-82-157.

C. Ross Somerville, London, Ont., 80-75-155.

Edmund Briggs Jr., Great Neck, N. Y., 78-79-155.

Charles Selden, Rye, N. Y., 84-89-173.

G. H. Turpin, Montreal, 91-92-183.

J. G. Boeckh, Toronto, 91-89-180.

Don Armstrong, Aurora, Ill., 73-81-154.

Joseph Batchelder, Salem, Mass., 79-80-159.

D. Clarke Corkran, Noble, Pa., 91-79-170.

Dr. O. F. Willing, Portland, 75-70-145.

Jack Westland, Winnetka, Ill., 81-77-158.

W. A. Little Jr., San Francisco, 75-73-151.

Robert Moffett, East Hampton, N. Y., 79-84-163.

John E. Lehman, Olympia Fields, Ill., 75-78-153.

George Von Elm, Los Angeles, 70-73-143.

Mark Stuart, Stapleton, N. Y., 74-85-159.

W. A. Little Jr., San Francisco, 78-73-151.

Robert Moffett, East Hampton, N. Y., 79-84-163.

Geon Peak, Houston, Tex., 76-85-161.

Harrison Johnston, Dellwood, Minn., 73-83-156.

Ellsworth Giles Jr., Pittsburgh, 79-81-160.

Frank J. English, Kansas City, 86-84-170.

Billy Sixty, Milwaukee, 84-79-163.

Greer McIlvain, Oakmont, Pa., 81-70-151.

Clement Grisco, 3rd, Bridgeport, Pa., 85-86-171.

Edwin McClure, Shreveport, La., 75-82-153.

George Voigt, Douglastown, N. Y., 78-76-154.

W. B. McCullough Jr., Noble, Pa., 76-82-159.

# Late News From Orange And Nearby Towns

## AUXILIARY OF LEGION NAMES NEW OFFICERS

ORANGE, Sept. 23.—Officers for the year were elected at the meeting of the American Legion auxiliary yesterday in Legion hall. A pot luck dinner was served before the meeting, which opened at 2:30 o'clock. Mrs. Charlotte Adams presided. Three mothers attended the luncheon at the Mothers' club in Santa Ana, returning in time for the election. The mothers attending were Mesdames Clara Rozell, Anna Slater, Harriett McCarthy. Plans were made for the Armistice day celebration at Anaheim. A party will go to the San Fernando hospital Thursday to attend the Legion meeting. A total of \$25 was raised at the food sale to be used for the welfare store. Officers elected were, president, Mrs. Edna Franzen; first vice president, Mrs. Viola Ristow; second vice president, Mrs. Harriett McCarthy; secretary, Mrs. Louis Frost; treasurer, Mrs. Dolores Goodwin; chaplain, Mrs. Clara Rozell; sergeant-at-arms, Mrs. Maud Sisson; marshal, Geraldine Hodson; musician, Mrs. Nell Ragan; historian, Mrs. Ora Benson. Members of the county committee Locke, Mabel Slater, Maud Sisson. The executive committee consists of Mesdames Harriett Perry, Clara Hodson and Edith Richardson. The installation of the officers will be held the latter part of October at the county installation in Santa Ana.

### TO ERECT RACK

ORANGE, Sept. 23.—A permit to erect a wash rack 14 by 16 feet, was issued yesterday by Building Inspector Frank Dale to R. J. Fendener. The rack is to cost \$150 and will be built at East Clark street and Grand avenue.

## Program Enjoyed At Gathering Of Business Women

ORANGE, Sept. 23.—New officers were in charge of the regular meeting of the Business and Professional Women's club last night at the Orange Woman's clubhouse. The session opening with a dinner. Mrs. Florence McCoy, newly installed president, presided.

The program was in charge of Miss Letta Parker and Mrs. Mabel Coburn and included a harmonica solo by Howard Davis, a talk on "Civil Government" by Miss Mabel Lush, the new legislative chairman of the club; a piano solo by Miss Lois Murray and a book review by Miss Mabel Faulkner, city librarian and club member.

An informal bridge game followed the meeting.

## SCHOOL CAFETERIA ATTRACTS PUPILS

ORANGE, Sept. 23.—Attendance of students at the Orange union high school cafeteria this year is very satisfactory, according to Mrs. Verne Shippey, who has charge of preparing the lunches.

The average attendance at the present time is 250 and from 50 to 75 students from the intermediate school share the meals with the high school group.

This year it is planned to repeat a series of luncheons for parents of students of each class. However, this will be decided by class members at coming meetings.

Mrs. Shippey has been in charge of the cafeteria for the past two and a half years. Yesterday's menu was a sample of the daily menus of palatable and wholesome food served, and it included breaded chops, potatoes and gravy, vegetable combination, salads, rolls, hot dogs, jelly, pudding, chocolate jello, apple pudding, Yukon waffles, fruit juices and ice cream.

## SERVICES FOR WILLIAM WING ON WEDNESDAY

ORANGE, Sept. 23.—Funeral services will be held tomorrow afternoon at 2 o'clock at the Gilgoly funeral chapel for William Wing, 30, who passed away at his home Saturday evening. Mr. Wing was apparently in good health when he retired in the evening and passed away quietly while sleeping.

Mr. Wing had lived in this city for the past 22 years, before that time residing in Ionia, Mich., going to the latter city as a young man. He was a member of the Orange Methodist church and the Rev. Walter B. Cole, pastor of the church, will conduct the services.

Surviving the deceased are his widow, Mrs. Caroline M. Wing; one daughter, Miss Mabel Wing; one son, H. W. Wing, and two sisters, both of whom live in Canada.

Interment will be made in Fairhaven cemetery.

## SECTION OF CLUB CONVENES MONDAY

ORANGE, Sept. 23.—The first meeting of the toastmasters' section of the Orange Woman's club enjoyed a delightfully informal session at the first meeting of the club year yesterday. Luncheon was served in the clubhouse lobby by members of the ways and means committee, Mrs. W. O. Wiggins and Mrs. N. J. Whitney composing this committee for the month of September.

Mrs. W. J. Sutherland presided and Miss Flo Scarritt acted as toastmaster. Talks were impromptu and related to vacation trips of members.

Mrs. D. C. Pixley and Miss Mabel Faulkner were appointed the members of a committee to prepare

### ORANGE PERSONALS

ORANGE, Sept. 23.—Miss Elsie Wenzel and brother, Elmer, have returned from a trip to Wood Lake, Minn. On their return they were accompanied by their parents, Mr. and Mrs. Will Wenzel, who will spend the winter in California at 225 West Palmyra street.

Mr. and Mrs. E. A. Polly, of 345 West Palmyra street, entertained relatives Sunday. The guests were Mr. and Mrs. Hale R. Weaver, Mr. and Mrs. R. H. Adams and Mrs. Elida Harris, sister of Mrs. Polly, all of Los Angeles.

Miss Doris Shelton, daughter of Dr. Shelton, who gave his life as a missionary in Tibet, will bring a missionary talk at the prayer meeting at the Christian church Wednesday. The time of the prayer meeting has been changed to 7:45 instead of 7:30.

The annual dues paying luncheon of the Woman's Home Missionary society of the Methodist church will be held in Epworth hall Thursday at 12:30 o'clock. Mrs. L. F. Sedgwick, of Long Beach, will be the speaker. Mrs. A. Haven Smith will sing. Reservations must be made by Wednesday.

The prayer meeting at the Presbyterian church will be held Wednesday at 7:30. John 15 will be the chapter of the series of "Great Chapters of the Bible" to be continued at 7:30.

George Sherwood, superintendent of the city schools, will attend the meeting of state school superintendents to be held at Lake Tahoe this week.

M. M. Fishbach, assistant principal of the Orange union high school will give an illustrated lecture for the Men's club at Trinity Episcopal church this evening. Fishbach has an interesting collection of photographs which he took in the war zone of Europe.

Mr. and Mrs. W. O. Nichols, North Orange street, had as dinner guests Sunday Mr. and Mrs. H. M. Saunders and children, of Santa Ana.

Mr. and Mrs. H. S. Housley, spent Sunday in the home of Mr. and Mrs. William Tritt in Long Beach. The Tritts were former residents of this city and the families were close friends in Kansas before coming to California.

Mr. and Mrs. T. C. McBride, 736 East Washington avenue, drove to Long Beach Sunday to visit Mr. and Mrs. W. S. Stingle, both couples driving to Redondo Beach in the afternoon.

Members of the O.E.S. who expect to attend the convention of this order to be held in Oakland next month are Mrs. Sherman Gilgoly, worthy matron of the organization; Mrs. Carl Stuckey, associate matron, and Mrs. E. H. Smith, Mrs. Ernest Ross and Mrs. Lucien Filppen.

### SUNSET BEACH

Bud Snyder, grandson of J. A. Armitage, broke his left arm while playing on the slide at school. He was taken immediately to Dr. Hawes and had it set. The next day he was able to continue with his school work.

Mr. and Mrs. S. Ricard and son, Joe, and daughter, Elolisa, Mr. and Mrs. B. Catalano and Mr. and Mrs. J. Pollet and son, Paul, who have occupied the Jenkins apartments for the summer months, returned to their homes in Altadena.

Mr. and Mrs. W. T. Boyer, of Fullerton, entertained friends from the east at their beach cottage on Park avenue.

Mrs. Josephine Sheeley had as her guest for the day, her sister, Mrs. Bertha Harper, and daughters Margie and Betty, of Talbert.

Programs for October and November. The next meeting will be held October 13.

New members welcomed into the section were Mrs. Charles A. Robinson and Mrs. Ethel F. Niquette.

### INSURANCE MAN

#### "LIKE OLD SELF"

"I used to suffer with something like neuritis or rheumatic pains through my back and shoulders; my stomach was out of order; I

FRED C. BURDGERFER

couldn't eat without indigestion and my work was a burden. Sargon rid me of every ailment I had, including the pains in my back and shoulders and I'm like my old self again, full of life and energy.

"Sargon Pills stimulated my liver and regulated me perfectly."—Fred C. Burdgerfer, 514 E. 66th St., Los Angeles, Assistant Sup't of the American National Insurance Co.

Schramm-Johnson, Drugs, Agents, Corner 4th and Sycamore Sts.—Adv.

## Young People's Banquet Planned Wednesday Night

ORANGE, Sept. 23.—The young people's banquet will be held at the Christian church tomorrow night. Miss Doris Shelton, daughter of Dr. Shelton, who gave his life as a missionary in Tibet, will give an address on "The Consecrated Life." Mrs. D. G. Wettlin will preside. Jack Rossier will be the song leader with Miss Leota Ingle at the piano. A committee of Mesdames B. F. Fletcher, L. F. Finley, Leon Des Larzes and the Misses Dorothy Finley, Dorothy Star, Leota Ingle is in charge of the decorations.

Greetings will be brought from the president of the Christian Endeavor of the Christian church in Santa Ana and the president of the young people's department of the same church and from the presidents of both the young people's department and the high school department of the Christian church at Fullerton. Arnold Todd, Louis Hilyard and Mrs. J. A. Campbell will have charge of the games to be played after the banquet.

A memorial to the Hon. Elsie Mackay, who lost her life in an attempt to fly the Atlantic with Capt. Hinchliffe in March, 1928, was unveiled recently in Glenapp Church, Ayrshire, Scotland.

## QUEEN ESTHER GIRLS GUESTS MONDAY NIGHT

ORANGE, Sept. 23.—Members and guests of the Queen Esther circle of the First Methodist church were guests at the parsonage last night, when Mrs. W. B. Cole, wife of the pastor, and Mrs. H. W. Larson were hostesses to the group of girls on the occasion of the first meeting of the year following the summer vacation.

Miss Catherine Hull presided at the meeting as president and after a delectable supper was served the work for the coming year was discussed. The group assists church workers in home missionary activities, helping especially young girls desirous of receiving an education. Mrs. Charles A. Robinson is advisor of the organization.

Those present with the hostesses and Mrs. Robinson, were the president, Miss Catherine Hull, and the Misses Mary May Wilson, Pauline Ivens, Jean Jordan, Eldene Watson, Evelyn Richardson, Lucille Barnes, Jeannette Wally, Jewell Ford, Virginia Lee Hill, Myrtle

## SEMINARY HEAD TO GIVE TALK NEXT SUNDAY

Parsons, Irene Asa, Ethelyn McCullom, Ruby Showalter, Sabra Batchelor, Betty Ross, Mary Robinson, Lois Reeves, Irene Mayland, Elsie Sorensen, Mary Robinson, Carol Mae Larson, Eleanor Bowyer and Elva Worden.

Miss Ethel Terry, who arrived here recently from the east to take charge of the religious education department of the church, was a special guest.

## 2421 Assessments Being Mailed Out By Orange Office

ORANGE, Sept. 23.—Mrs. Wilma Barger, desk sergeant at the Orange city hall, is entering 2421 tax assessments at the city hall preparatory to mailing out tax statements to property owners of this vicinity.

Tax assessments total \$137,352.54.

### NEW BATTERY TESTED

Tests of the electrical storage battery invented by Dr. James Drumm, the young Irish scientist, are being made in Britain. Dr. Drumm claims that his device will eliminate the use of coal on railways. In one test the battery, mounted on a specially constructed car, propelled a vehicle carrying 20 people 40 miles at 35 miles an hour under its own stored power. Free State government officials are watching the tests.

ORANGE, Sept. 23.—Members of the local Presbyterian church are looking forward to a number of interesting meetings to be held during the coming weeks. On next Sunday morning Dr. William H. Oxtoby, president of the San Francisco theological seminary, will be the speaker, expounding the needs and the work of that institution.

On October 5 it is expected that the Rev. Earle Pierce Cochran, former pastor of the church, will speak at the evening service.

On Thursday of this week the regular meeting of the Whatcomber class will be held at 2 p. m.

Out of town meetings in which members of the congregation are interested are the meeting of the Evangelistic convention to be held in Los Angeles, under the auspices of the board of National Missions of the church September 29 and 30. It is expected that a large number will be present from this church.

# "TODAY BUSINESS WORKS WITH SCIENCE"

Says

**PHILIP D. ARMOUR**

First Vice-President  
of Armour and Company

one of the world's largest meat packing concerns, a purveyor of food to millions. The name "Armour" in connection with food products is known for the highest possible quality wherever these products are sold.

"Science and business working together in the packing industry are constantly bringing rapid changes in methods and quality, all of which are to the lasting benefit of the public at large. Your employment of the benefits of the Ultra Violet Ray Process in the 'Toasting' of tobaccos for LUCKY STRIKE is an impressive example of how science can be utilized for the benefit of millions. It is in pace with the finest spirit and devotion to quality in American industry."

**LUCKY STRIKE**—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—**THEN—"IT'S TOASTED."** Everyone knows that heat purifies and so **TOASTING** removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating! Everyone knows that sunshine mellows—that's why **TOASTING** includes the use of the Ultra Violet Ray.

# "It's toasted"

**Your Throat Protection—against irritation—against cough**

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited Mr. Philip D. Armour to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of Mr. Armour appears on this page.

### WESTMINSTER

WESTMINSTER, Sept. 23.—At the Boy Scout meeting it was planned by patrol leaders and assistant leaders to take a hike either Friday or Saturday to San Juan Hot Springs. The patrol leaders are Charles Anderson, Orli Hare Jr. and Donald Wardlow, and assistant leaders are Frank Eastwood, Nelson Morgan and Bill Turpin.

Mrs. A. A. Baker is at Smeltzer with her daughter, Mrs. Loyal Skinner, and her new 9 pound, 12 ounce daughter whose arrival was an event of September 15. The baby has been named Georgialene, the great grandmother choosing the name. Mr. and Mrs. Skinner resided in Westminster until their recent removal to Smeltzer.

Joe Brannon, nephew of W. S. Little, and his friend, Clifford Brown, who are staying at the Little home, spent Saturday and Sunday evening at the Los Angeles County fair at Pomona.

F. J. Grandy attended the Michigan picnic Saturday.

Mr. and Mrs. Garrett and daughter have been spending some time in Ventura with Mr. Garrett's people while he is recovering from the injuries sustained recently in an automobile accident. They returned Monday.

The first half hour of the league service to be held by young people of the Presbyterian church on Thursday evening, will be devoted to a musical program. It is announced, the study period to occupy the other half hour.

Mr. and Mrs. Francis Penhall entertained as their dinner guests Sunday, Mr. Penhall's uncle and aunt, Mr. and Mrs. Jack Deardorf, of Long Beach.

Postmaster Clyde Day, in company with Carl McNatt, of San Diego, and Jack Parker, of Pasadena, hunted deer with their bows and arrows in the Sierra Madre foothills above Pasadena Sunday.

Mr. and Mrs. Orvil Day entertained as their dinner guests Sunday, Mrs. Day's brother-in-law and sister, Mr. and Mrs. Virgil Stocking, of Anaheim.

Mr. and Mrs. Raymond Burns had as an overnight guest in their home Saturday, Mrs. Burns' sister, Miss Louise Wardlow, of Talbert.

Mr. and Mrs. H. O. Chamberlin, of this place, in company with Mr. and Mrs. C. Collins, of Long Beach, and Mr. and Mrs. Charles Leach, of Santa Ana, enjoyed Sunday at Anaheim park, where they served a chicken dinner in observance of the 32nd wedding anniversary of Mr. and Mrs. Collins.

Mrs. Winifred Morris, accompanied by her daughter, Mrs. Nellie Groeschner, and Mrs. J. L. Rivers,

of Long Beach, and Mrs. Lynn Robb of Huntington Beach, incited to Los Angeles Monday to attend a bridge luncheon at the home of Mrs. Morris' niece, Mrs. Brown.

Mr. and Mrs. H. B. Anderson and son, Charles Anderson, and Mrs. Anderson's niece, Miss Jean

Phillips, of Santa Ana, visited Miss Virginia Anderson at Eagle Rock, Sunday.

An outing party to Silverado canyon was enjoyed Sunday by Mr. and Mrs. U. E. Phipps, of this place, and members of their family. In the party were Mr. and Mrs. Phipps and sons, Wesley and

Robert Phipps, sons-in-law and daughters, Mr. and Mrs. Nelson and Mr. and Mrs. Pawson, Junior Pawson and Stephen Harris, of Long Beach; Mr. and Mrs. Doyle Rader and sons, of Wilmington; Miss Katherine Kerns, of Brea, and Lester Garth of Long Beach.

Mrs. R. E. Larter injured her

right knee painfully in a fall, Saturday. Mrs. Larter was alone and it was over half an hour before she got help. Mrs. Larter, who has for years been secretary of the Presbyterian Sunday school, missed taking charge of her duties Sunday for the first time in 56 consecutive Sundays.

## Council Backs Proposed New Direct Route To Orange

STAGE SERVICE  
PROTEST HEARD  
BY OFFICIALS

Discussion of bus service which has supplanted Pacific Electric service in Santa Ana and Orange, refusal to take action on building a concrete retaining wall above the Santa Ana river and adoption of a resolution endorsing the opening of a direct route connecting South Glassell street with Grand avenue at East Seventeenth street, were the outstanding features of a short session of the city council last night.

Numerous protests have been received by the city officials, it was revealed at the meeting, from citizens of Santa Ana concerning the asserted lack of service being given by the Motor Transit company, whose busses took over the service formerly given by the Pacific Electric between Santa Ana and Orange. The protests were centered on East Fourth street, where it is alleged the busses are operating only four times each day.

Members of the council recalled that the Pacific Electric, which owns a large part of the Motor Transit company, had promised "even better service than the electric cars were giving" if they would be permitted to abandon the passenger service between Santa Ana and Orange and substitute bus service. "It was the understanding that they would put on busses and maintain at least as good service as they had given in the past with the electric cars," Councilman McBride and Mayor Purinton agreed. City Attorney Charles Swanner was instructed to take the matter up with the officials of the Pacific Electric and Motor Transit company. During the evening it also was pointed out that the general passenger agent for the Pacific Electric had promised when the matter of abandoning the line was first broached, that more frequent service would be given between Santa Ana and Orange on a 20-minute schedule all day, but the service is given at 20-minute intervals only at a few periods during the day.

Corns All Gone  
Big and Small  
Radox Took Them  
Roots and All

In England they have a sensible easy way to get rid of corns in just a few days—a joyous invigorating foot bath every night for 3 or 4 nights—then lift out the corn—out to stay.

Ask Mater's Drug Store, or any drug store, for a package of Radox Bath Salts, first time on sale in America. Hard corns—soft corns—callouses—hard skin on heels and toes—it's all the same to Radox—you'll have new, strong, flawless feet a week from now—ask for Radox Bath Salts and enjoy walking—dancing—Adv.

## NERVOUSNESS

THE CAUSE AND  
CURE

NERVOUS people lack self-control, are hard to get along with, and are most disturbing in their own home. Can they help it? NO.

THE cause is IRRITATION IN THE PELVIC CAVITY and may involve the Sex organs, Bladder or Kidneys, and the Colon is so full of poison that the Nerves and Mind are both "inflamed" and "On Serious Tension."

THE cure is in getting rid of the POISON AND IRRITATION. This is our line of work and our success is perfect. Drugs increase the irritation, while our Natural Methods CLEANSE, SOOTHE AND HEAL. Come in and get acquainted with our work and our patients.

PRESENT LIFE  
IS COMPARED  
WITH FUTURE

Contrasting the greatest life of Christians with the life that is to come after death and asserting that the Christian should look forward to the life that is to come because of the strength and perfection that will be his lot then, the Rev. James H. Sewell, pastor of the Broadway and Walnut street Church of Christ, preached a sermon yesterday morning based on Second Corinthians 5:1-9. He said in part:

"One reason why Christians should not want to live here always is that we should prefer the perfect spiritual life we shall enjoy in the world to come to the imperfect light in which we walk here. After death, perfect light will break in upon us, and we shall know some things we do not know now. The medium through which God makes himself known to us is His truth as revealed in His word. The more we know of His truth, the closer is our contact with Him, and we should rejoice that the imperfect light of today will be replaced then with the perfect light of God's truth."

"A Christian should look forward to the life to come because his weakness will then be replaced by perfect strength. We shall have bodies in that life, but they will be perfect, spiritual bodies, not subject to the pains and weakness we suffer now. Our souls will be clothed with glorious, beautiful bodies that God has prepared for the faithful."

"We should much prefer the perfect purity that will be ours in that heavenly land to the imperfect purity we strive for here. Our faces are toward heaven, but our bodies are constantly dragging us the other way. God has graciously opened a way by which we can be cleansed from our past sins, and a way by which we can free our souls from the stains of sin day by day, but we should prefer to be all saint, instead of being as we are now, half saint and half sinner."

"We should rejoice at the thought of the fellowship that will be ours there. We shall be in the presence of God, Christ, the Holy Spirit, the angels, and all the redeemed of all the earth through all the ages."

SLEEPER GOES  
TO CONVENTION  
OF ASSESSORS

County Assessor James Sleeper and his wife left today for Catalina to attend the state convention of county assessors, which is to be held at Avalon this week. One of the principal items of business which is to come before the convention, according to Sleeper, concerns assessment and collection of taxes on automobiles by the state motor vehicle department.

This measure, which is to appear on the ballots in the general election next November, is scheduled to receive the active support of the assessors, who plan to campaign for its adoption. The Orange county official, in commenting on the measure, stated that \$2,000,000 would be saved to the counties of the state under the proposed plan of assessment and collection. The plan provides for payment of the tax at the time the license is se-

cured and will obviate the necessity of collection by county authorities. Several other amendments which are to appear on the ballot in connection with taxation are to receive the attention of the assessors, Sleeper said. The convention will close Friday.

'GOOD SHIP DON' ROLLS AND  
PITCHES AS 'FROSH' EMBARK  
ON JOURNEY THROUGH JAYCEE

"Get in line for the initiation. You better be sure you have your 'Frosh Bibles' and if you value your lives you'd better know the Alma Mammy." These were the greetings given the freshmen last night as they boarded the "Good Ship Don," alias Andrews Gymnasium, on the campus of the Santa Ana Junior college.

The occasion was the annual "Y" mixer, sponsored by the Y.M.C.A. and Y.W.C.A. student clubs. Entering a mysterious panel on board ship, groups of freshmen waved farewell to their waiting classmates. As they ventured into the depths their feet became unsteady as spring boards, planks, tricky springs, paddles, shower baths and what have, upset them at every turn. Crawling through a minute space they at last emerged victorious, true Dons and Donnas (once they had cleaned off the dirt). The frosh were then permitted to rise to the main deck of the ship, decorated so as to leave no doubt that this was the "Good Ship Don."

After the initiation the gym resounded with the voices of freshmen straining to beat the sophomores in the singing of college songs. The frosh did win, as far as volume was concerned, but they would not have been good bets in a music week contest.

Following the "get-acquainted" games, musical numbers were presented and then cider and doughnuts were served.

The closing event was a tug of war between the girls and the boys. The girls seemed to be making a great headway until it was discovered that a number of chivalrous boys were helping them. These "female impersonators" were disqualified and brawn triumphed after many journeys back and forth over the deck.

REGARDS DEATH  
AS BEAUTIFUL  
GIFT FROM GOD

"Subject of a lecture delivered last evening at the Federation Spiritual church, 1312 Logan street, by the Rev. Paul Andres, who has organized the church in Santa Ana during the past month. He pointed out that this question has been asked through all the ages and declared that spiritualism has proved death to be the most beautiful and blessed gift of God to the children of earth."

"This is the greatest question of the ages," the Rev. Mr. Andres stated as he began his lecture. "Job asked it centuries ago in the following words, 'If a man die, shall he live again?' All the world's people since man came up on this plane of life, have sought to solve this problem."

"In considering the question, we will speak of four classes of minds: the agnostic, the materialist, the orthodox Christian, and the modern spiritualist."

"Agnosticism is the philosophy of 'don't know.' It simply professes to know nothing regarding a future life."

"Materialism is the philosophy of mud. It teaches that unconscious matter comes together, forms a brain, and creates consciousness, and that when the brain is disintegrated by death, the conscious man is annihilated."

"Orthodox Christianity teaches a continued life beyond the grave, and bases its belief therein on the phenomena called miracles, as recorded in the Christian Bible. There are many beautiful and sublime teachings in the religious philosophy of the Master, and most of them correspond with the teachings of spiritualism."

"Spiritualism enlightens the agnostic, disproves the theories

REV. OWINGS TO  
LEAD PASTORS  
OF SANTA ANA

The affairs of the Santa Ana Ministerial association during the coming year will be directed by the Rev. Harry E. Owings, pastor of the First Baptist church, who yesterday was elected president of the association, succeeding the Rev. Perry F. Schrock in that office. Associated with him are the Rev. O. W. Reinus, pastor of the Richmond avenue Methodist Episcopal church, as vice-president, and R. C. Smedley, secretary of the Y. M. C. A., as secretary-treasurer.

One of the first tasks to be undertaken by the ministers this fall will be the entertainment of the annual conference of the missionaries of the American Sunday School union, to be held in this city on November 14, 15 and 16. Frank Kehrl, superintendent of the work in this vicinity, was present at the meeting of the ministers to help complete arrangements.

The conference will bring to Santa Ana some 15 or 20 workers, who are in the service of the Sunday School union in California, Arizona and Nevada, as promoters of Sunday school work in regions where there are no churches or Bible schools. Their session promises to be full of interest for the general public as well as for themselves.

Plans also were made for a union Wednesday night service on October 23, under the auspices of the W. C. T. U., with Chester Rowell as the speaker.

**GRAND OLD MAN DIES**  
James Stewart, known as the Grand Old Man of Tientsin, died recently in the Chinese city. He was an engineer, and joined the Chinese Imperial service 66 years ago. He built the first steamboat for the late Empress of China, and was governor of the arsenal of Tientsin in 1900 at the time of the Boxer rebellion. Stewart was born in Scotland 59 years ago.

of the materialist and points out the error, inconsistencies and untruths of orthodox Christianity. It affirms every truth to be found in it and in all other religious philosophies. It explains and demonstrates the meaning and beauty of death. It proves that death is as natural as birth, and is the stepping stone to a higher life, which life is the heritage of all mankind. It proves that the experience of death is beautiful, and not 'terrible,' as theologians have pictured it. It describes and explains the victorious entrance of a well-developed soul into spirit life through the gateway of death. It illustrates the glorious meeting of saints and sinners with their friends, the angelic beings of that higher world."

"And what is death? Spiritualism has proved it to be the most beautiful and blessed gift of God to the children of earth."

BAD TEETH MAY  
CAUSE CHILD'S  
SCHOOL FAILURE

Nationally famous educators lay great stress on proper dental care for school children. They know that the growing child cannot hope to keep up its school if handicapped by diseased teeth.

See that your child's teeth are examined at once.

LEGAL ROUTINE  
IS EXPLAINED  
TO CLUBWOMEN

If any member of the Business and Professional Women's club becomes involved in a legal process of any ordinary kind, she will have a far better idea of how to proceed than she would have had prior to the talk given by Judge James B. Tucker at yesterday's meeting of the club at St. Ann's Inn.

For while Judge Tucker had been asked by the September program chairman, Dr. Bessie Raiche, to speak on the proposed state constitutional amendment regarding tax exemption for hospitals, he devoted some of the time allotted him, to further explanations of legal matters in which women often are involved.

In discussing the proposed amendment, Judge Tucker pointed out that while at first glance hospital charges seem large to the majority of patients, the fact remains that most hospitals operate at a loss because expenses are so heavy. To these expenses are added the present high taxes, and that burden must be met by correspondingly high charges. Most hospitals, according to the speaker, have as many free cases as they have paying ones, in addition to out-patient clinics, etc., all of which adds to the amount of money which they are required to earn.

He dwelt upon the educational advantages, pointing out the training school for nurses which are maintained, as well as the service to internes and resident physicians in medical schools. The amendment in question relates only to hospitals not conducted for private profit, so Judge Tucker succeeded in convincing his hearers that it was their civic duty to vote yes on the amendment.

In continuing with his talk, he succeeded in investing it with such humor that he made it a very enjoyable interval for the clubwomen, who gained a wealth of information about such matters as property rights, community property divisions, wills, criminal law procedure, torts, etc.

The meeting was conducted by the president, Mrs. Hazel Northcross, and among matters brought

to the attention of the club, was the proposed trip to the Huntington library at San Marino on Saturday, October 18. Reservations for this trip must be made by September 30 through Miss Lena Thomas, reservations chairman, as it is necessary to have the list of guests back to the library by October 1.

CLANFONI HITS  
PROPOSAL FOR  
PIANO BURNING

A decided difference of opinion to that expressed by David Strauss, noted Austrian musician, sojourning in Santa Barbara, to the effect that all pianos should be burned because of their tonal limitations, which he claims constitute a hindrance to progress in music, was voiced today by D. C. Clannoni, director of Santa Ana Conservatory of Music and Santa Ana Municipal band, and prominent in the musical world of the Southland. Clannoni is a member of the Author's Association of Rome and a member of the National Academy of Music, N. Y.

"I do not agree with Strauss' ultra-modernistic tendencies that if carried into practice would overthrow what has been accomplished through centuries of evolution in the art of music for an untried system of quarter tones, eights and sixteenths in infinitesimal degrees of tonal shading such as he suggests," the Santa Ana musician remarked.

"Even to the savage ear, wholly untrained in musical theory, such a system of tonal graduation would prove repulsive," Clannoni continued, adding that to the cultured musician it would prove even more so. "It does not seem plausible that such a radical innovation would ever attain any degree of permanency," he concluded.

In a published interview, Strauss, descendant of the family of Johann Strauss, the waltz king, stated that if music is ever going to progress, the piano will have to be burned because of its tonal limitations. "The piano because of its popularity has done more to hold back the present wave of modern expression than any other musical instrument,"

TRUCK DRIVER  
JAILED AFTER  
CAR OVERTURNS

One man was arrested on a driving drunk charge, another was held on suspicion of burglary, and a third one landed in the county jail last night on a simple drunk complaint, records at the county jail today disclosed.

George Brown, 28, truck driver, 1428 French street, Santa Ana, was arrested and lodged in the county jail following a collision with F. C. Hall, 502 East Walnut street, Santa Ana, on Chapman avenue in Orange. The defendant was booked on a charge of driving a car while under the influence of liquor.

According to a report filed by the arresting officer, Brown hit the Hall car on Chapman avenue, but failed to stop and ascertain damage. Hall gave chase, and Brown, in attempting to elude his pursuer, was going so fast at Prospect and Seventeenth streets that he failed to make the turn and overturned his car.

A 17-year-old Placentia boy was taken into custody by Placentia officers for investigation in connection with a burglary.

D. Pimental, 33, Mexican laborer, Delhi, was arrested by city officers on a simple drunk charge.

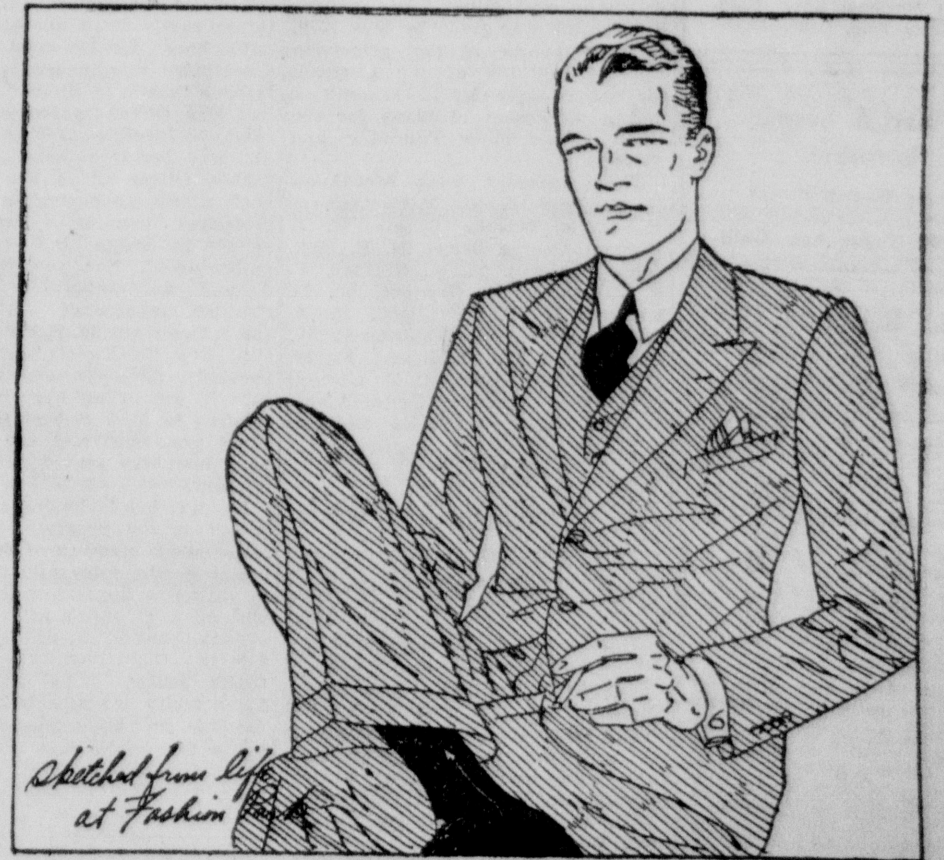

A request was received here from the sheriff's office at San Luis Obispo to be on the lookout for two Filipinos, traveling in a green car, without top, who are wanted on a robbery charge. The men are armed with automatic pistols.

## FACTS FOR FAT FOLKS

In two weeks Mrs. M. C. Taylor, of Lewisburg, W. Va., reduced her weight from 175 to 159 1/2 pounds—Her headache is no more and shortness of breath is gone—"Thanks for such a good remedy," she writes.

Fat folks take a half teaspoonful of Kruschen in a glass of hot water every morning before breakfast. A 55-cent bottle lasts 4 weeks—Get it at Mater's Drug Store, Givens & Cannon, or any drug store in the world—millions take this little daily health dose.—Adv.

## Post-Nuptial Affair Was Event of the Past Week

Returning from a honeymoon spent in Santa Barbara, Mr. and Mrs. Peter Vlahos were given a pleasant surprise the past week when a group of friends gathered in the home of Mr. and Mrs. Will Summers of Lemon Heights, eager to shower the newlyweds with an array of lovely gifts. Mrs. Vlahos was formerly Miss Eva Summers.

The evening was spent in playing various games, with a delectable refreshment course concluding the pleasant hours.

Those sharing the event with Mr. and Mrs. Vlahos were the hosts, Mr. and Mrs. Summers and Mr. and Mrs. John Shepard and daughters and sons, Mary, Emily and David, of Tustin, Mr. and Mrs. J. Neal, Mr. and Mrs. A. Erickson, Mrs. Carrie Curver, Mrs. Rose Bauers, Mrs. Grace Moraville, Mr. and Mrs. Lester Lehman, and Joe Berkelmer, of this city. Mrs. Minnie Tucker of Costa Mesa, Mrs. Hooseman, J. Fishback, Louis E. Keyes, Mrs. A. Graves, and Mr. and Mrs. E. Klam and daughters, Olga and Alma of Anaheim.

## Honored at Card Party Saturday

Mr. and Mrs. Albert Schreff, 315 East Camille street, were pleasantly surprised recently when Mrs. Edith Schreff and Mrs. Nettie Piercy of Ojai and Mrs. Laura Brunette and daughter, Miss Mildred, of Santa Barbara arrived in their home for a several days' visit. Since that time the Schreffs have been displaying Orange county's many charms to the northern Californians.

Planning a party in honor of their guests, Mr. and Mrs. Schreff were hosts at an evening of cards in their Balboa Island cottage, Saturday. In the chosen diversion Mrs. Docia Jasper held high score for women while Frank Harris upheld honors for men. Mrs. Nettie Piercy and Frank Harris were consoled.

The guests are planning to return to their homes the latter part of the week, and their hostess, Mrs. Schreff, will accompany them as far as Ojai.

## Young Married Set Is Entertained at Gay Bridge Dinner

One of the pleasantest events of recent date, was shared by a group of young married people, who were guests of Mr. and Mrs. J. Simon Fluor Jr., at a beautifully appointed bridge dinner given in their commodious ranch home on West Ball road near Anaheim.

Mrs. Fluor (Mildred Warner) is a member of a three table bridge club composed of prominent young matrons of this city, and in bidding them to a meeting in her home, included their husbands in the invitations and advanced the hour to evening, prefacing the card contest with a most delectable dinner menu. Table decorations were quite charming with their blending of purple and gold in the feathery chrysanthemums used. The royal colors were mingled with other rich autumnal shades in various flowers used about the room.

When bridge was introduced later in the evening, Mrs. Fluor's instructions to her guests were to the effect that each couple was to present combined scores at the close of the contest. So to Mr. and Mrs. Lawrence Bemis was presented the first prize, a cake set of large serving plate and half a dozen individual service plates, in an exquisite design of Belleek. Mr. and Mrs. E. D. Holmes were second to Mr. and Mrs. Bemis, and to them was presented a fascinating cookie jar, which aroused the envy of all when it was discovered to be already filled with luscious little ice box cookies.

Mr. and Mrs. Fluor welcomed as their guests, Mr. and Mrs. Felton Browning of Tustin, Mr. and Mrs. E. J. Holmes, Mr. and Mrs. C. C. Carpenter, Mr. and Mrs. Douglas Swanson, Mr. and Mrs. J. E. Swanke, Mr. and Mrs. Charles Swanner, Mr. and Mrs. Milburn G. Harvey, Mr. and Mrs. Arthur May, Dr. and Mrs. Harry G. Huffman and Dr. and Mrs. John Wehrly Jr.

## Economics Section Elects Leader at First Meeting

The lovely gardens to the rear of the O. H. Barr home on North Main street offered an inviting retreat to members of the Sixth Household Economics section of Ebbs society when they gathered there recently for their first meeting of the year. Luncheon served at 12:30 o'clock on tables decked with a variety of bright hued blossoms, was a delightful introduction to the events of the afternoon. Mesdames O. H. Barr, S. M. Davis and J. W. McCormack, as program committee for the year, were hostesses for the afternoon.

During the business session Mrs. P. H. Paterson was elected leader for the coming year, as Mrs. H. E. Heil, who was elected to fill the office while absent in the summer, was unable to accept the position. A delightful resume of her summer journey to Japan, Manila, Australia and other lands of the South Seas was given by Mrs. Heil. Other points of the program were an outline of the program for the year given by the committee and a discussion of plans for the Ebbs flower show Thursday and Friday.

Those present were Mesdames O. H. Barr, J. W. McCormack, S. M. Davis, Roscoe Wilson, T. J. Warren, George Bruns, H. B. Heil, John Clarkson, S. W. Stanley, F. P. Jayne, A. M. Gardner, W. D. Ranney, H. E. Trueblood, P. A. Robinson, W. A. Taylor, F. W. Wellesman, W. D. Baker, E. M. Mills, E. E. Keech, J. E. Gowan, F. H. Paterson, L. C. Fairbanks, W. M. Smith and Miss Blanche Collings.

## Miss Rheba McDow Weds E. A. Knighten at Home Ceremony

Her many Santa Ana friends will be interested in learning details of the pretty wedding of Miss Rheba McDow, formerly of this city but more recently of Los Angeles, to E. A. Knighten of Huntington Park, an event which occurred Friday, September 19, in the Huntington Park home of Mr. Knighten's sister, Mrs. I. Foster.

The double ring ceremony was conducted by the Rev. S. S. Sampson, pastor of the Huntington Park First Methodist church, just at 1 o'clock. Mrs. Foster had made her home most attractive for the nuptials, using rust and bronze hues, to bank the mantle before which the happy couple stood.

The rich blossoms were especially effective as a background, for Miss McDow had chosen a smart costume in the new wool lace in a lovely shade of golden brown, with darker brown accessories. A shoulder corsage of roses shading from pale yellow to deep orange, harmonized beautifully with the frock. Later, when leaving for a honeymoon to be spent at Catalina,

## Ebbs Entertainers Provide Beguiling Afternoon

Appealing alike to those fortunate folk who have "seen Carcassone," and those who have not, was the musical traveltogue presented yesterday afternoon at Ebbs club house, by R. E. Oliver and his wife, Glennie Oliver, both of whom sounded a refreshing note of simplicity in their contributions to Ebbs society's entertainment season.

R. E. Oliver annually conducts small parties of European travelers so has a wealth of experience upon which to draw for such talks. Yesterday he wisely launched the afternoon with reminiscences of Oberammergau, since that quaint little village in the Bavarian Alps has been the Mecca this year for untold thousands of Americans, including quite a goodly number of Santa Ana Ebbs society members.

While in Oberammergau, Mr. and Mrs. Oliver were privileged to have the guidance of Anton Lang, famous as the man who took the part of the Christus for three successive presentations of the Passion Play, and who took them with him to the early cathedral services on the opening morning of the production. Description of the workshops, the five priests intoning the services, and the great throngs of travelers, made a clear and striking picture in the minds of yesterday's audience.

He cited some of the features of the Passion Play which had exceptionally strong appeal to him, and described the effect upon the audience, then gave a pleasant glimpse of life in the Lang home, where the young daughter Matilda, is growing up with the hope that eventually she may be given the opportunity to enact the role of "Mary." The quaint little folk song, "On the Banks of the Ammer River," which he and Mrs. Oliver had heard Matilda singing to her first sweetheart, provided Mrs. Oliver with her opening song, and for it, she chose the colorful costume of the Bavarian peasant, brilliant scarlet skirt and laced bodice over sheer white, and embroidered green apron.

Her voice was very sweet and clear, and she gave her little songs with that some air of being with friends and wanting to please them, that distinguished her husband's talk. "The Cuckoo Clock" was her second number.

In continuing his part of the program, Mr. Oliver paused at Amsterdam and recounted a most amusing tale about the misfortune that always seemed to befall him there. His most dramatic experience however, was on the night when his hotel was surrounded by "Reds," inflamed over the Sacco-Vanzetti trial.

The Olympic Games were touched upon, and the sportsmanship shown by a young Canadian girl, described glowingly, as Mr. and Mrs. Oliver had later watched the development of her romance with "Big Joe," the Canadian winner of the diamond sculls in oarsmanship.

In Paris, he gave glimpses of the school of the opera and other things rarely dwelt upon in popular guide books, but his most charming description was reserved for the famous "castle in Spain," where he and Mrs. Oliver figured in a pretty romance involving a little flower girl and her sweetheart.

Mrs. Oliver added her songs to each group, appearing in effective costumes including a Paris frock simple in design but beautifully embroidered. For the finale, she donned an elaborately flounced Spanish costume of white satin, and a lace mantilla. Her song, "Who Will Buy My Violets," offered opportunity for a graceful little gesture in presenting her clusters of flowers to Mrs. Robert C. Tutthill, Ebbs president, and other prominent members seated in the auditorium.

In the brief business interval preceding the program, Mrs. Tutthill made a number of section announcements, and called particular attention to the flower show which will open Thursday afternoon at 4 o'clock, continuing until Friday at 6 p. m. Contributions of canned fruits, jellies, jams and choice fresh fruits are especially desired for this, and arrangements may be made for calling for such donations, through any member of the Garden section of which Mrs. W. E. Watkins is leader.

She donned a smart brown velvet hat, which, with dark brown wrap, completed her smart appearance. When Mr. Knighten and his bride return from Catalina, they will be at once to the pretty apartment awaiting them on Stafford street in Huntington Park. Santa Ana guests at the wedding had the pleasure of being taken over the apartment, and were impressed by its sparkling new conveniences and charms.

Before Mr. and Mrs. Knighten left for their island honeymoon, they were complimented at a reception given by Mrs. Foster. There were many guests at the wedding and reception, including Mrs. Knighten's mother and sister, Mrs. Nellie McDow and Mrs. Charles Bacon, and also Miss Lenabelle Hughes and Mrs. R. A. Young, all of this city.

## Supper Dance Promises Gala Function at Country Club

Interesting plans are afoot at Santa Ana Country club for the opening social event of the club season, to be held Friday night. The function will be a supper dance, chosen for its informal charm as a happy measure for bringing together the Country club members after their summer recess from formal dances, dinners and bridge evenings.

An excellent orchestra has been engaged, according to Mr. and Mrs. T. F. McGilvray, who selected one that has earned a pronounced popularity with the club members. The affair will begin at 9 o'clock, and promises a joyous brilliancy and charm sometimes denied more formal functions. Reservations must be made twenty-four hours in advance of the date.

While the supper dance is a courtesy which the club is extending to its members, it has been pointed out that anyone wishing to entertain guests, must pay a small sum for their entertainment. Such guests will be warmly welcomed, however, and since reservations have been pouring in, every indication is that the night will provide a gala affair.

Mr. and Mrs. Peter E. Fluor and three children, Bobby, Margaret Anne and Betty Lou, have returned to their home at 700 North Clementine street, Anaheim, after a three weeks' visit in Kansas City, where they met Mr. Fluor's parents, Mr. and Mrs. J. Simon Fluor, 1514 North Main street, this city.

Mr. and Mrs. J. Simon Fluor are expected to return to their home in Santa Ana early in October, from an extensive automobile trip to various points in Wisconsin, Missouri, and other states where the Fluor Construction company has large interests. They were accompanied on the trip by Mr. and Mrs. Fred Fluor, 2507 North Main street. Fred Fluor has been superintending a construction job in a Missouri city.

Albert R. Halstead of Los Angeles, was the guest yesterday of his sister, Mrs. Sarah Adams, 415 South Birch street.

Mr. and Mrs. W. L. McKay, 607 South Birch street, have returned from a vacation trip to Mona and June lakes.

Judge and Mrs. F. C. Drumm, 1109 North Broadway, left Sunday for New York City.

Mrs. Amelia McBroom, Jackson court, had as a dinner guest last evening, Mrs. Rose Azus of the Grand Central apartments.

Dr. and Mrs. J. M. Raugh, 731 South Birch street, motored to Glendale yesterday and accompanied home Mrs. Maude Miller, 1731 South Birch street, who has been visiting in that city with Mrs. E. E. Martin and in Burbank with her cousin, Mrs. Flora Bell Donaldson.

The many friends of Mr. and Mrs. H. A. Azus, of the Grand Central apartments, will regret learning that they will leave Saturday for San Diego where they will make their home. Mr. Azus has been employed in Hollywood for some time, and plans to enter business in San Diego where he has property. Mrs. Azus has been associated with the business office of the Register for the past year, and recently returned from a vacation spent with Mr. Azus at Catalina and San Diego.

Mr. and Mrs. J. A. Crawford, 1004 Grand avenue, and Mr. and Mrs. J. E. Prentice of Orange, spent Sunday in Pomona.

Miss Marian Bruner, a student at Pomona college, spent Saturday with her mother, Mrs. Mary P. Bruner, 527 South Birch street.

Mrs. Lela Clark and her daughters, the Misses Laura and Mary Clark, of Santa Maria, are visiting Mr. and Mrs. Andrew Crawford, 320 West Nineteenth street.

Miss Florence Brownridge who

## Birthday Honoree Is Center of Interest At Gay Party

Although Mrs. Fred Wager of West Walnut street, knew that plans had been made for an after-noon party honoring the anniversary of her birthday on Saturday, September 21, she scarcely anticipated such a happy surprise as awaited her when she entered the home of her hostess, Mrs. Fanny Lash, 220 Cypress avenue.

For a large group of her friends, bidden to celebrate the day with her, had assembled early so that when Mrs. Wager entered the room, it was to find herself the center of a gay circle, all joyously singing, "Happy Birthday to You." This friendly greeting was succeeded by an impromptu program to which each guest contributed an amusing reading and Mrs. Dinmore, eldest sister of Mrs. Lash, giving another, "The Little Clothes in the Lower Drawer."

Interest reached its height when Mrs. Lash wheeled a tea wagon into the room and placed it before the honor guest who found that her friends had selected an array of pretty birthday gifts for her.

The informal social time was climaxed by the serving of a delicious birthday cake with strawberry ice cream and nuts, and as a final unique feature, Mrs. Lash read an original birthday poem dedicated to Mrs. Wager, cleverly contriving to use the names of those present.

The guests included Mrs. Avery, Mrs. Thompson, Mrs. Eldora Demarest, Mrs. George Klever, Mrs. Maude Applegate, Mrs. Nunn, Mrs. Etchison, Mrs. Boyles, Mrs. Pitts, Mrs. Laura Leonard, Mrs. Leach, Mrs. Maude Miller, Mrs. Anna Allen, Mrs. Evans, Mrs. French, Mrs. Louis Allen, Mrs. Anna Barbour and the honor guest, Mrs. Wager.

## Coming Events

**TONIGHT**  
Santa Ana chapter, O. E. S.; I. O. O. F. temple; 8 o'clock.  
First Congregational Brotherhood; dinner meeting; church dining-room; 6:30 o'clock.

Calumet camp and auxiliary, U. S. W. V., covered dish dinner, K. P. hall, 6:30 o'clock.

Weyende Maagden, Y. W. rooms, dinner at 6 o'clock.

**WEDNESDAY**

Kiwanis club, St. Ann's Inn, noon.

B. P. W. executive board, Ketter's cafe, noon.

Sedgwick W. R. C., covered dish dinner luncheon, K. P. hall, noon, business meeting at 2 p. m.

Ellis's Second Book Review section, with Mrs. Dan E. Maloney, 930 South Broadway, 2 p. m.

Parliamentary and Business Law class; Y. M. C. A.; 1 p. m.

Northeast section of First Presbyterian Aid society; with Mrs. J. R. Goodwin, 606 East Santa Clara avenue; 2 p. m.

Senior Guild of Church of the Messiah; with Mrs. W. C. Young, 1206 North Broadway; 2 p. m.

is a sophomore at Scripps college, spent the week-end with her parents, Mr. and Mrs. Alex Brownridge, 1414 North Main street.

Mr. and Mrs. E. E. Webster of Fontana, had as week-end guests Mr. and Mrs. A. F. Reynolds and son, Bert, of Huntington Park. The Websters were recent guests of Mr. and Mrs. George Frazier in their home in Pomona where, following a delectable dinner menu, the four enjoyed the Los Angeles county fair. Mrs. Webster was formerly Mrs. Mabel Pockwell of this city.

Captain and Mrs. F. W. Mein, 1120 West Seventeenth street, had as recent guests Mr. and Mrs. M. W. Shelton, Mrs. M. Canini and James Kirkpatrick of Alhambra.

Mrs. Irene V. Hiller, 2035 North Broadway, has as a house-guests, Mrs. Frederick Harnois of Albuquerque, N. M., who plans to remain here for about two weeks.

Mr. and Mrs. Walter Hill, 1019 Hickory street, spent the week-end in Los Angeles.

The Misses Nan and Lolita Mead, 2119 North Main street, were week-end visitors in Los Angeles.

## Mills-Nimmo Nuptials Were Witnessed By Many Friends

Just as Sunday's beautiful day was fast merging into twilight, Miss Rebecca May Mills, daughter of Mr. and Mrs. William Mills of El Modena, and Donald Nimmo of Garden Grove, were married in the Saints' chapel at fifth and Flower streets, with the Rev. David Carmichael officiating.

Preceding the ceremony, Miss Nada Smith sang "I Love You Truly" by Bond and "When Song Is Sweet" by Sans Souci. She was accompanied at the piano by Miss Myrtle Martin, head of the music department at the local high school.

Miss Mills entered the chapel with her father, and was stately and beautiful in a white satin frock fashioned on long, close-fitting lines. She carried white sweet peas, bride's roses and lilies of the valley. Her tulle veil, long and filmy, was borne by little Patricia Remo, fairy-like in soft green voile. Miss Wanda Nimmo, a sister to the bridegroom, attended the bride as maid of honor, and was very lovely in a rose pink satin enhanced by a cluster of American Beauty rosebuds which she carried.

Little Miss Elaine Mills, adorable in orchid voile, was flower girl, and William James Farley bore the rings for the double ring ceremony.

A short reception followed the ceremony, and Mr. and Mrs. Nimmo then departed for a honeymoon "somewhere in the mountains." They will make their home in Garden Grove, although Mr. Nimmo is employed in this city. He is the son of Mr. and Mrs. George Nimmo, Orange county pioneers, while Mrs. Nimmo's parents were also early settlers in this section. She is a graduate of the local high school and attended junior college here.

Two hundred men who had been members of labor unions for 50 years or more were guests of honor recently at Transport House, Westminster, England, headquarters of the British Trades Union Congress.

## Informal Reception Was Courtesy to House Guests

Opening their hospitable home at 725 Mortimer street to a group of relatives yesterday afternoon, Mr. and Mrs. Thomas L. Hill were hosts at an informal reception honoring their house guests, Mr. and Mrs. T. D. Crawford and daughter Mrs. Cyril Kay Scott of Little Rock, Ark.

The afternoon was spent socially, with a delectable refreshment course coming as a final pleasant feature of the day. Mrs. Scott motored to Hollywood at the conclusion of the afternoon and attended a preview there in the evening. She is a writer of note and is spending much of her time in Los Angeles and Hollywood as the guest of a number of friends she met in New York City.

Among those sharing the pleasant afternoon with Mr. and Mrs. Hill and family and their guests, Mr. and Mrs. Crawford and Mrs. Scott, were Mr. and Mrs. John Flemming and children, Betsy Ann and Robert, of Glendale, Mr. and Mrs. Edwin D. Hill and daughter, Charlotte, and Miss Eujane Carr, of Los Angeles, and Thomas Edwin Hill.

## ANNOUNCEMENTS

The quarterly birthday party of the Woman's Bible class of the First Christian church will be held tomorrow afternoon at 2:30 p. m.

The Dorcas Choral club of the First Methodist church, with Mrs. Harry Hayes as leader, will meet Friday afternoon in the Bible class rooms at 3 o'clock.

St. Elizabeth's Guild of the church of the Messiah, will meet Wednesday evening in the parish room at 7:30.

Santa Ana chapter O.E.S. mem-

ber are anticipating tonight's meeting at 8 o'clock in I.O.O.F. temple, where many surprise features await their entertainment. Guests are expected to be present from Anaheim, Fullerton, San Clemente and Laguna Beach, and any Eastern Star member is assured of a cordial welcome from officers and members of the local chapter. Mrs. Winnie Dean has charge of the program, which she promises as one of variety and interest.

Teresa Rebekahs will hold their regular meeting tomorrow evening in the I. O. O. F. hall at 8 o'clock.

The southwest section of the Ladies' Aid of the First Presbyterian church will be entertained at the home of Mrs. Fred Wahl, 1380 South Broadway, on Thursday at 2 p. m. Mrs. J. R. Moore is in charge of transportation to the affair.

## Ah! Deep-Dish Green Apple Pie

I have an amusing letter from a reader who diets consistently but reads the Mixing Bowl for vicarious gratification of her appetite for appetizing food.

I am sure the deep-dish green apple pie I am talking about today will make all dieters green with envy of those who can eat such things without fear of adding an extra wrinkle to the well known waist line. To be exactly right, deep dish green apple pie needs the aid of a box of black berries, and it should be eaten cold with plain cream.

For a pie large enough to serve six or eight people, peel, core, and slice thin about two pounds of tart green apples. Put them in a dish three or more inches deep and in the center put a cup or jelly glass to keep the pastry top from slipping down into the cooking apples. Over the top of the apples strew the box of berries and add what ever sugar your taste demands. Make enough rich pastry to make one crust, don't roll it too thin. Slide it over the fruit, cut a hole around the center support and trim off the edges before tucking them down around the fruit. Bake in a moderate oven  $\frac{3}{4}$  of an hour.

This kind of pie is really a pudding, so serve it with both fork and dessert spoon.

### TODAY'S RECIPE

**Cream Puffs**  
1 cup hot water  
 $\frac{1}{2}$  cup butter  
1 cup flour  
3 eggs  
Combine the hot water and butter, when melted and boiling, slowly sift in the flour, stirring as it falls into the boiling liquid. Cook to a thick smooth paste—it should look semi-transparent when sufficiently cooked. When the paste has partially cooled add the eggs, one at a time, dropped unbeaten into the paste and mixed and whipped in very thoroughly.

Have the oven medium hot and some large pans lightly buttered. For the large puffs drop a dessert spoonful of the thick paste onto the pan and flatten down slightly with the spoon. For the long kind use a tablespoonful of the paste and shape it with spoon and knife

## Young Wife Happy Now

"Before my little daughter was born I took Lydia E. Pinkham's Vegetable Compound regularly. I was able to do my usual work and take pleasure in doing it. We were so happy when a wonderfully fine baby girl arrived to bless our home. I have enjoyed better health since the baby's birth than ever before. I am sure that I owe it all to your medicine and I heartily recommend it to all women who are weak or ailing."—Mrs. Chester Decker, R. R. #1, Wheatland, Indiana.

- ...First Aid Suggestions.
- ...The calorie total for 330 kinds of food.

into a long roll. Bake the puffs at least 20 minutes, protect them with a covering of paper if in danger of making too brown, but they must be thoroughly dried out or they will be flat and tough.

When the puffs are cold, slit them open along one side and fill with whatever is wished. This may be whipped cream, a sweet cream filling, or whipped cream mixed with diced fruit for immediate serving. Other uses for the puffs are filling them with some rich salad mixture, chicken, etc., or with hot creamed chicken, heating the puffs before filling.

An unusually delicious and novel dessert is to put a dab of frosting on the top of the puff and fill it with a frozen mousse mixture or ice cream—this, also, to be served at once.

This recipe will make a full dozen of large size puffs. Each puff has a calory value of 120, unfilled. Whipped cream or a cooked cream filling will add at least 150 calories to the first total. These calories are productive of heat and energy for body uses; they should be served when the meal is low in the energy making foods and that you know, means with salads, vegetables, thin soups (broths) and fresh fruit.

Mint Cup, nice to serve with parties, will be discussed tomorrow.

ANN MEREDITH.

### Chinese Herbs

Every intelligent American knows that the older races cured their ailments with herbs. Owing to the mixed foods and rapid mastication of the individual of today, they are more susceptible to liver, stomach and kidney trouble, which eventually upsets the system and causes a general rundown condition, where often a malignant disease occurs, resulting in an operation as the only relief.

Why not avoid this by keeping your body and blood built up?

If you are suffering and have found no relief, why not try our Herbs before your case is too far gone?

I have been helping the sick, my Herbs have done wonders for many people in Los Angeles and Long Beach for the past twenty-eight years. Why not convince yourself?

Free Consultation.

## "GIRL OF GOLDEN WEST" IS BIG HIT

Ann Harding, whose rise to the height of screen popularity came suddenly after she transferred her talents from the legitimate stage to the silver screen, is seen and heard in her latest all-talking picture, "The Girl of the Golden West," at the Fox West Coast theater. The film opened there yesterday and shows through Friday night.

At the same time the theater is celebrating National Farm week, during the running of the picture and two-minute speakers, members of the Orange County Farm bureau, are making short talks before each audience.

Short subjects on the screen pertain to farm life and are interesting bits of farm information.

The story of "The Girl of the Golden West" is one of the strangest ever told. Taken from the great stage play successfully produced by David Belasco, it is the story of a strange girl in a strange country, who makes the strangest gamble a girl ever made. The cards are dealt her in the first game of poker she ever played and she cheats to win. She lies, cheats and robs for the man she loves.

Miss Harding, in the leading role, gives one of the best performances she has been seen in since she came to the pictures. She will be remembered here in "Paris Bound."

### LA HABRA

LA HABRA, Sept. 23.—Mrs. John Meier, former La Habra, was happily surprised Thursday when a group of La Habra friends gathered at her home in Los Angeles to celebrate her birthday. The self invited guests provided a pot-luck dinner at noon. In the party were Mrs. Bud Robinson, Mrs. J. Strupp, Mrs. M. Fiscus, Mrs. Charles Goodchild and Mrs. J. W. Hinojosa.

Asa W. White and Dorothy M. Harding, of Whittier, were married by the Rev. Daniel Dundas Saturday evening at his home.

Mr. and Mrs. Frank Neuveux, who left this summer for Louisiana, have purchased a restaurant near New Orleans and will spend the winter there, according to announcement made to relatives here.

Frank Bishop has returned from a business trip to San Francisco. Mr. and Mrs. Frank Davis attended a dinner dance at the Artesia Woman's club Friday evening.

### PLENTY OF FAITH

HARTFORD, Indiana, (United Press)—Mrs. Albt. Boston Jr., had faith in her husband's ability so she redoubled his bid of five clubs in a bridge game. She did not have a single trump in her hand and her opponents, Marie Knecht and George Ravaux, had doubled the bid. Her faith was repaid, however, when Boston laid down 13 clubs, the perfect hand, on the table.

Bolivia will hold its presidential election early in January.

## 500 EXTRAS SEEN IN "THE SPOILERS"

Five hundred extras, the largest number ever taken on a location of this sort since the advent of sound pictures, were used by Paramount at its big camp and set at Point Huemene, California, for "The Spoilers," now playing at the Fox Broadway theater. The film stars Gary Cooper, who will be remembered here in "The Virginian."

The set, a mile long and a quarter-mile wide, duplicated in every detail the boom town of Nome, Alaska, as it was 30 years ago at the time of Rex Beach's classic story.

In addition to the 500 extra and bit players taken from Hollywood, Edwin Carewe's company recruited an additional half-thousand "atmosphere" players from Oxnard, Ventura, Santa Paula, Satcoy and other adjacent communities for the bigger scenes.

The Hollywood contingent lived at the big tent city for three weeks, utilizing the tents and cabins that were a part of the Nome set, for beneath its rough exterior this new Nome was modern and with every living convenience.

Supporting him in the cast are Kay Johnson, Betty Compson, William Boyd, Harry Green, James Kirkwood, "Slim" Summerville, and others of favor with cinema fans.

**RETURNS TO CATHEDRAL**  
MEXICO CITY.—The Catholic church has regained one of its oldest "new continent" churches in the historic Cathedral of Mexico City, which dates back to the 16th century. It was restored by an order of President Rubio. The edifice was closed in 1926 when the clergy walked out as a result of alleged persecution on the part of the government.

By pressing a button in her home the Lady Mayores of Newcastle, England, recently opened a radio show in Newcastle, N. S. W., 12,000 miles away.

## Walker's State The Family Theatre

## "WHITE CARGO" SEEN AT WALKER-STATE

Only one drama can boast of having played to more people in America than "White Cargo," all talking picture opening today at Walker's State.

"White Cargo" was played in every city in this country with a population of more than 10,000—a record in recent annals in this country.

"White Cargo" played an unbroken run of three years in New York and in subsequent showings brought its full time in the metropolis up to five years.

## "Flesh and Blood" Ends Run Tonight

Lon Chaney in "Flesh and Blood" shows for the last time tonight at Shelley's Third and Bush street theater.

"Flesh and Blood" is a typical Lon Chaney story in that it gives the great character and makeup artist an opportunity to display his talents along both lines.

Also in the allstar cast are seen Edith Roberts, Noah Beery, Jack Mulhall, Dewitt Jennings and Kate Price.

Opening tomorrow night at Shelley's will be seen the old favorite, William S. Hart, in one of his very last pictures, "White Oak."

### WESTMINSTER

Mr. and Mrs. W. S. Little motored to Los Angeles Sunday, remaining over to visit relatives.

Mrs. Edna Day and son and daughter, Herbert and Annabell Day, her mother, Mrs. Harry Penhall, accompanied by Miss Anna Hoskins, of Santa Ana, spent Sunday at Laguna Beach, where Miss Hoskins was the guest of friends and the others visited with Mrs. Penhall's sister, Mrs. Jess Worthy and family.

Mr. and Mrs. Nathaniel Walton,

## BOARD CHANGES LIBRARY HOURS IN BEACH CITY

### College Y. M. C. A. Plans Party For Wednesday Night

FULLERTON, Sept. 23.—A stag party, greeting new men students at the Fullerton Junior college, will be held Wednesday evening in the college gymnasium. It was announced today by Bob Fry, president of the college Y. M. C. A.

Gymnastic activities, including wrestling and boxing, are the features of the program. Refreshments will be served free, Fry said.

A meeting of college Y. M. C. A. members was held this morning in California hotel cafe at 7 a. m. The session was in the form of a get-together for old members and to greet new members of the organization. Plans for the party tomorrow night were discussed.

## CHAMBER GROWTH SHOWN IN REPORT

SAN CLEMENTE, Sept. 23.—At the last meeting of the chamber of commerce the report of A. L. Schneberger, auditor, revealed a balance of \$280.20 under the new leadership. When the reorganization took place last February the chamber was in the red \$908.77.

In his report Hal Warner, secretary, told of the work done by the chamber, its participation in the city's progress, distribution of literature and the part played in Orange county's economic and political life. Since Trafford Huteson became president the sewer system has been installed, the highway widened and right-of-way for a 100-foot street in the future secured, new industries have been developed and San Clemente made a recreational center.

Dan Mulhern, former president, told of his trip to the Boulder dam ceremonies and presented a plan whereby the San Clemente Chamber of Commerce members will visit that section. It is San Clemente's plan to make this city the resort center of the Imperial and Southern Colorado river sections.

## Nominate Heads Of Legion Post

SAN CLEMENTE, Sept. 23.—Officers for the year were nominated by the American Legion at the last meeting. Jimmy Bennett, Earl Moore and Howard Harper were nominated for commander to succeed Tom Guiderian. One of these men will become commander, another vice commander at the elections slated for October. V. D. Bailey was nominated for adjutant.

Virgil Westbrook, historian, offices they held at present. Ronald Peterson will become the new sergeant-at-arms and Harry Comber will be the post's new chaplain.

Lester Abell reported on the work at the state convention held at Sacramento and told of the Legion's plans for the coming year.

The San Clemente post voted to take part in the Armistice day parade which this year will be held in Anaheim by Orange county posts. San Clemente will either represent Texas or Arizona in the parade or place a comedy float in the line of march.

### HARBOR HIGH SCHOOL TEACHER AS REGISTER ON OPEN DAY

An additional teacher may be needed at the new Newport harbor union high school, at Fifteenth and Irvine streets, Newport Heights, which opened yesterday, with 180 students registering the first day, instead of the 150 who had been expected. If another teacher is engaged, there will be 12 for the three years of work given by the school this year, fourth year students in the district, which includes Newport Beach and Costa Mesa, being taught this year at the Santa Ana high school.

Principal Sidney Davidson, members of the high school board and others are gratified with the first day's showing. If fourth year students were accommodated and attended proportionately with the other three years the new school would have an enrollment of 240 from the first. The 180 is expected to grow before the term is over.

Not only were all students registered yesterday, but classes were given. Owing to school being a week late, it is necessary to crowd in as much work as possible from now on. A full schedule of classes will be given hereafter, except in such subjects as physical education, the gymnasium not being ready yet.

In addition to the gymnasium, the cafeteria, library and shop are still unfinished, although the library is almost ready for occupancy. Four large new busses are in operation, one carrying fourth year students to Santa Ana and the other students of the other three years to the new school.

The school is on a 25-acre site at the corner of 15th and Irvine streets, including \$15,000 for land, is \$410,000. The school is expected to be a community center for the entire harbor district. It is said to be the most up-to-date in Southern California for its size, and it is by no means a small plant. It includes everything necessary in a modern high school, according to Leroy P. Anderson, chairman of the school board. The site, 25 acres, is the largest in Orange county, excepting Santa Ana, where 27.5 acres houses both a high school and junior college.

A pleasing occurrence yesterday, opening day, was the receipt of three floral bouquets from Huntington Beach, one from the high school faculty there, one from the school gardeners. Principal Davidson formerly was vice principal of the Huntington Beach high school, and Everett Lee, vice principal here, was a member of the faculty.

Miss Frances Howard, of Placentia, Mr. and Mrs. Charles Williams attended the Scouts' jamboree Saturday night.

## From Orange County

### HARBOR HIGH SCHOOL TEACHER AS REGISTER ON OPEN DAY

An additional teacher may be needed at the new Newport harbor union high school, at Fifteenth and Irvine streets, Newport Heights, which opened yesterday, with 180 students registering the first day, instead of the 150 who had been expected. If another teacher is engaged, there will be 12 for the three years of work given by the school this year, fourth year students in the district, which includes Newport Beach and Costa Mesa, being taught this year at the Santa Ana high school.

Principal Sidney Davidson, members of the high school board and others are gratified with the first day's showing. If fourth year students were accommodated and attended proportionately with the other three years the new school would have an enrollment of 240 from the first. The 180 is expected to grow before the term is over.

Not only were all students registered yesterday, but classes were given. Owing to school being a week late, it is necessary to crowd in as much work as possible from now on. A full schedule of classes will be given hereafter, except in such subjects as physical education, the gymnasium not being ready yet.

In addition to the gymnasium, the cafeteria, library and shop are still unfinished, although the library is almost ready for occupancy. Four large new busses are in operation, one carrying fourth year students to Santa Ana and the other students of the other three years to the new school.

The school is on a 25-acre site at the corner of 15th and Irvine streets, including \$15,000 for land, is \$410,000. The school is expected to be a community center for the entire harbor district. It is said to be the most up-to-date in Southern California for its size, and it is by no means a small plant. It includes everything necessary in a modern high school, according to Leroy P. Anderson, chairman of the school board. The site, 25 acres, is the largest in Orange county, excepting Santa Ana, where 27.5 acres houses both a high school and junior college.

A pleasing occurrence yesterday, opening day, was the receipt of three floral bouquets from Huntington Beach, one from the high school faculty there, one from the school gardeners. Principal Davidson formerly was vice principal of the Huntington Beach high school, and Everett Lee, vice principal here, was a member of the faculty.

Miss Frances Howard, of Placentia, Mr. and Mrs. Charles Williams attended the Scouts' jamboree Saturday night.

Mrs. Herman Carmine spent Monday evening in Whittier. Mrs. Charles Ryan and son, Billy, of Santa Ana, are staying at the home of Mr. and Mrs. B. E. Ryan and family.

Mrs. Mary Gale, of Yorba Linda, and Mrs. Byron Smith, of Brea, visited friends on the C. C. M. O. lease recently.

## SEPARATE SCHOOL DISTRICT PLANNED

SAN CLEMENTE, Sept. 23.—A move has been started to create a separate school district for San Clemente. At present San Clemente is a part of the Serra district, the school here being owned by the city, a gift from Ole Hanson and the syndicate which owns the land on which San Clemente is built.

Don Acres, Serra school clerk, says that B. P. Mitchell, county superintendent, has stated he favors the formation of a new district.

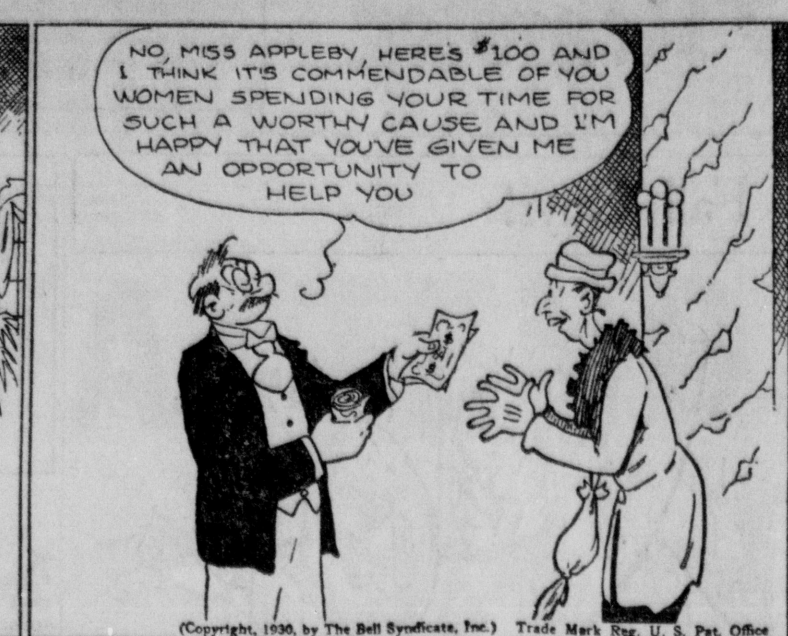

"The chamber of commerce of San Clemente appreciates the opportunity of being a party to so noble a cause and of showing its appreciation to the Prince of all sportsmen, Sir Thomas Lipton," said the San Clemente letter signed by President Trafford Huteson and sent by Secretary Hal Warner.

## AN EASY WAY

Fourteen hundred dollars per acre will provide five acres of fine, fertile, young Valencia trees, on five acres of fertile, sandy loam soil, with a few miles from Santa Ana. Seven years will see an increase of at least three thousand dollars per acre, and, according to how it is handled, whether inter-crops are grown or not, will determine the profit made. You should at least double your investment and make an annual average profit. Where, please tell me, could you do better?

## EVENING SALUTATION

"Statistics are the most deceptive and  
amusing of all the sciences."  
—ANDREW MAUROS.

## THE BURNING ISSUE

Senator Fess is making a sorry spectacle be-  
cause of the ridiculous position he assumes on  
the prohibition issue. With it the main issue  
in most of the contests of the country where  
there is any real issue, he keeps declaring that  
it is not a major issue, and he gives the reason.  
He says: "There are 'wet' Republicans and  
'dry' Republicans running for Congress. There  
are 'wet' Democrats and 'dry' Democrats  
running for Congress." Hence, he says, it  
cannot be an issue.

On the same basis, you could argue that  
nothing is an issue, because there are tariff  
Republicans and anti-tariff Republicans run-  
ning for Congress. There are tariff Democrats  
and anti-tariff Democrats running for Con-  
gress. Therefore, tariff is not a national issue.

The truth is to find an issue on which all  
the Republicans are on one side and all the  
Democrats on the other would be impossible,  
except that of grabbing the office. There is no  
important piece of legislation that has been  
enacted by Congress in the last decade or more  
that would have been passed or could have  
been passed without the aid of Democrats who  
made up for the desertion of Republicans who  
refused to stand for the measure. Senator Fess  
reminds us of a small boy who is employed  
by the opposition at a political meeting held  
outdoors, to go around with a little bass drum  
on which he is hammering, and calling at the  
top of his voice, as the speaker is speaking:  
"It ain't so; it ain't so; it ain't so."

Senator Fess doesn't make the issues. Whether  
he likes it or not, the prohibition issue in  
one form or another is the burning issue in  
most sections of this country. He will find  
that, beat his drum as he may, he cannot get  
the minds of the people of Massachusetts off the  
fact that former Senator Butler in that state,  
the candidate on the Republican ticket for the  
United States Senate, is a "dry," and his oppo-  
nent on the Democratic ticket, is a "wet."

Opera singers in Stockholm became highly in-  
dignant when they were ordered to reduce. One  
would think it would aid their scale work.

## A PECULIAR SITUATION

William T. Foster, director of the Francis  
Pollak Foundation of Economic Research, and  
who writes daily for The Register, in speak-  
ing before the Boston conference on retail dis-  
tribution, said:

In the past, people who could well afford  
fine jewelry and other things have refrained  
from buying in times of business depressions.  
They have denied themselves with a glow of  
righteousness. But they can no longer feel that  
way except through ignorance.

We know truth can be very wasteful. Right  
now the "self-denial" of wealthy people are  
keeping many poor fellows out of work.

Isn't it a real difficult situation for an econo-  
mist and moralist to make his appeal just now to  
the masses? What is one man's meat is an-  
other man's poison. It is a grace and a virtue  
for those who have money to spend it. And we  
are told by this economist that they should  
spend it for luxuries and for everything they  
can conceivably afford, on the other hand  
the one whose income is limited, should  
exercise the virtues of thrift and self-denial  
in the name of good economics and good  
morals.

We should love to read a dissertation by  
Benjamin Franklin on this peculiar situation.  
We would invite correspondence, which we  
would gladly publish, discussing the various  
phases of this phenomenon.

Fall is the time of year when the hunter as well  
as golfer can brag about his game.

## THE PROGRESS OF SCIENCE

We used to read about the leather-lunged  
auctioneer, but it has now developed that science  
is literally able to provide mechanical lungs  
(respirator machine) for one whose lungs have  
been temporarily paralyzed.

A nurse in Chicago is recovering from what  
would have meant sure death had it not been  
for this device. There are constantly fewer  
things that are certain to cause death, provid-  
ing one is in proximity at the moment to all  
of the possible emergency remedies that can  
be used. We note that ten years of life, on  
the average, have been added to the human be-  
ing, and there are very few diseases now for  
the cure of which scientists have not discovered  
a remedy.

With ten years added to the span of human  
life, and another ten years in sight, it isn't  
any wonder that religious organizations, as well  
as others, are forced to consider the problem  
of birth control.

## THE BISHOP RETURNS

Bishop Cannon is returning to America to  
meet more charges of some kind of misconduct.  
We wonder what pranks the Bishop has been  
playing now.

He is almost 70 years of age and it has  
only been in the last years of his life when  
any question has been raised concerning his  
actions. This has come particularly at a time  
when he is attacking certain things which he  
considers political abuses, and has fought them  
with every means at his command.

The Bishop undoubtedly has lost consid-  
erable of his influence, a part of which he might  
have held, had he refused election as executive  
head of the temperance work of his church. We  
hope that the public announcements of the  
seriousness of new complaints will not be justi-  
fied by the facts as they are adduced.

THE WORKING LIFE OF THE FILM  
ACTOR

The death of Milton Sills, at the age of 48,  
has called attention to the occupational life of  
the popular film actors. It is said that scarcely  
any of the female actresses continue their work  
into the forties, and while the men generally  
have a somewhat longer professional life, even  
they have a tendency to disappear from public  
notice in middle life. To this rule there are  
some exceptions, to be sure, but the general  
rule carries.

This was not true of the great actors of the  
stage. One can recall the names of scores of  
great actors of the past generation who were  
successful on the stage for thirty or forty  
years, or longer. There is something about the  
screen that takes heavy toll in years of those  
who are in it. Dissipation may be responsible  
for some of it. The film actor has long periods  
of idleness between plays. There is not the con-  
tinuous work and the long periods on the road.  
These periods of idleness are very apt to lead  
to parties and revels which soon make the  
film actors unequal to the task they are called  
upon to perform. All who are familiar with  
the work of the film actor report the strenuous  
character of the work while he or she are at  
it. Naturally, the reaction from it is morally  
and physically dangerous.

Perhaps it illustrates the whole strenuous  
tendency of our modern mechanical age. It  
takes all the vigor and enthusiasm of youth  
to carry on. A Henry Ford at 67 is very ex-  
ceptional in our industrial life. In the more  
strenuous positions in great business organiza-  
tions one is surprised at the comparative youth  
of those who are carrying on in the thick of the  
industrial fight. Wisdom recalls the words of  
the wise man of old, who said: Remember thy  
creator in the days of thy youth, while the evil  
days come not." This is an age of youth.  
The race seems to be for the swift.

## IMPORTANT IF TRUE

The other day the critics of Russia on her  
statement concerning selling wheat in the Chi-  
cago Board of Trade said, of course it could  
not be true that she was "hedging," because  
she had no wheat to sell and her people were  
starving.

The news is published today that Russia has  
thrown great quantities of wheat on the market  
of the same quality as the North American  
wheat at 10 cents lower than the market price.  
It is not very often that an untruth and its  
refutation meet so quickly after utterance, but  
it suggests that you have to read constantly  
the comment concerning Russia, bearing in  
mind if it looks important, that it may be im-  
portant if it is true.

Times Change, Folks Don't  
Riverside Daily Press

Every so often we find a news story in which  
a woman's revenge is given as the reason for a  
man's death. In a certain midwestern state, so  
the newest story of love and conflict goes, a girl's  
wish for revenge is now being blamed for the  
death of two men.

The natural reaction to true murder yarns is a re-  
flection as to how much worse Eve's daughters  
are today than they used to be.  
If we would reflect carefully we would realize  
that they aren't the least bit more responsible  
for death and tragedy than their predecessors.  
There was Helen of Troy, for instance. Her  
elopement with Paris, the son of King Priam, sent  
the whole of the Spartan navy over to Troy to  
get her back. Before the war ended several other  
countries brought their boats close to the shore  
and joined in the battle. Before Helen finally was  
recovered a good many thousands of men were  
killed.

Not only mythology but history as well, is  
filled with cases in which a woman's wiles upset  
nations and brought death to many. The world is  
very much better today than it used to be. This  
is seen in the very action of the public conscience  
which condemns a woman today for the same  
deeds for which it lauded her in song and story  
when she committed them a thousand, or even one  
or two hundred years ago.

Prodigal Championship Welcomed  
Back Home

San Francisco Chronicle

It gives us great pleasure to welcome the men's  
national tennis championship back to California  
after an absence of ten years. It took a Bill  
Tilden, perhaps the greatest player the game has  
ever known, to get the championship away from  
this state and incidentally this city.

Since Big Bill in 1920 beat Bill Johnston  
No. 1 American arose to defeat Tilden until Johnny  
Doeg eliminated him on Friday. That display of  
tennis prowess on the part of the Californian fore-  
shadowed his victory in the final round.

During the later of the lean years on the men's  
courts California has had the consolation of her  
own Helen Wills carrying the banner of the  
women's championship. As Mrs. Moody she found  
other matters too pressing to permit her to de-  
fend the national title this year. Johnny Doeg's  
trophy comes just in time to keep up the state's  
tradition of dominance in either the men's or the  
women's class.

Doeg played great tennis to win and in the  
final he beat Shields, another great player who  
also has youth on his side.

It looks as if the scepter of American tennis  
has definitely passed to a new generation.

## Moral Training at Home

Pasadena Star-News

The terrible crimes which make the first pages  
of sensational newspapers gruesome to read, point  
to a woeful lack of moral training in many homes  
and in schools. It is startling how many children  
are permitted to grow up without systematic, well-  
deserved training in the fundamentals of morality.

Hideous crimes are a natural resultant from neg-  
lect of this kind. Children do not naturally be-  
come moral and exemplary in conduct. They  
must be taught and trained into morality. The  
ideal place for this training is the home. And the  
home should be made an ideal training school of  
morals through the example that parents set be-  
fore their children. Many a boy and girl goes to  
ruin because of demoralizing conduct by parents.

## Fall Guys!

## More Truth Than Poetry

By James J. Montague

## HARDLY FAIR

Crimes cost the people of the country as much as income taxes.

The gangster and the racketeers,  
The gunmen and the crook  
Pursue their turbulent careers  
Forever, like the brook.  
And we, whose taxes go to pay  
For prison, jail and court,  
Must toll till we are old and gray  
Providing their support.

When burglars rob somebody's flat  
We sigh with smug content  
The while we nurse the notion that  
We are not out a cent.  
But we must dig up for their trial;  
Moreover, never doubt,  
We'll help support the rogues the while  
They're inside, looking out.

When cracksmen burst a bank vault in  
We never turn a hair,  
But murmur with a cheerful grin:  
"OUR money wasn't there."  
But while the thieves are breaking rock  
In prison, you and I  
The old tin boxes must unlock  
To buy them meat and pie.

We folks who would not steal nor loot,  
Who carefully refrain  
From any criminal pursuit,  
However great the gain,  
Must notwithstanding pay the board  
Of some felonious devil,  
Which seems a rather ill reward  
For living on the level!

## A HARD LIFE

One day the president of a South American Republic is com-  
mander and chief of a national army, and the next he is a private  
in the Army of the Unemployed.

## CHERCHER LA FEMME

It is said that sixty-three men rule the United States. But  
who rules the sixty-three men?

## A RELIEF

Now that the drought is broken there is no need of worry-  
ing about lack of water to dilute the cider crop.

(Copyright, 1930, by The Bell Syndicate, Inc.)

## Panning the Panic In Pana

By WILLIAM TRUFANT FOSTER and  
WADDILL CATCHINGS

The National Bank of Pana (Illinois) was solvent; but the  
native Panics were not satisfied with a statement to that effect.  
They wanted to crowd right up to the paying teller's window and  
see it being solvent. They wanted a close-up of it, right in the  
act.

The bank was experiencing one of those solemn moments in  
the life of a bank when a dollar on the spot is worth ten dollars  
"thirty days after date."

The Pana National was willing to put up with a little playful  
sprint on the bank; but when depositors began to jump on it, in  
round Illinois fashion, the officers sent an S. O. S. to Chicago.

Chicago promptly broke its own record for making money fly.  
It rushed a quarter of a million dollars to Pana. Panics drew  
their savings and directors drew a long breath.

"And the moral of that is," cried the Duchess—

"When anyone needs money in an emergency, he needs it  
before the emergency is over."

When a man is out of a job, he needs a chance to earn a six-  
pence right away. It doesn't do him any good to have four-and-  
twenty Congressional Bluebirds singing about the jobs there will  
be when emergency funds begin to emerge.

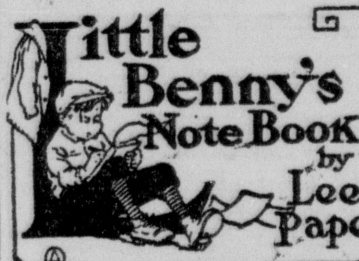

All last winter, in the depths of depression, Congress put  
many emergency words into circulation but few emergency dollars.

We need "emergency credit" that will emerge, and emerge  
in a hurry.

Whenever there is a "run on the job," we need credit that  
will fly to the rescue.

With the aid of such credit, we shall be able not only to  
assure jobless men that America is economically solvent. We  
shall be in a position to invite them to line up and watch her  
prove it.

(Copyright, 1930, McClure Newspaper Syndicate)

Last nite after supper pop sed to  
ma. There's no use waisting any  
more time choosing between these  
2 cars. We been beeting around  
the bush till the bush is black and  
blue, he sed.

Thats exactly my sentiments and  
I choose a Sparrow, ma sed.

Im in perfect accord and com-  
plete harmony with you, except  
I choose a Wimple, pop sed. I look-  
ed both cars over again today and  
I discovered that the Wimple has one  
supreme advantage that the Spar-  
row lacks, he sed.

My goodness what is it? ma sed.

Its an electric cigar lighter that  
works in the highest wind, it will  
make driving a plezzure insted of a  
burden, pop sed, and ma sed, For  
land sakes thats no reason. I've  
been looking over a lot of back  
avertizements that I clipped out  
of the papers, and in almost every  
case the Sparrow had a much  
better choice of werts and is much  
more attractive to read, and just  
think of the constant advantage  
that will be. Every time we read  
a Sparrow ad in the paper we'll  
be dubly glad and grateful that  
we chose a Sparrow, and even if  
the car duzzent always behave so  
perfectly we'll have plenty of con-  
solation as soon as we open a paper  
and read the avvertizement, she  
sed.

Yee gods and do you call that a  
good reason? pap sed.

Yes I do, because its practical,  
ma sed.

Practical, yee gods, and how  
about my cigar lighter inducement  
for buying a Wimple? pop sed.

Thats idealistic, ma sed.

So is a red undershirt, pop sed.

And he went around to the bowl-  
ing alley.

SEPTEMBER 23, 1916

Arrangements were made today  
for Horace Fine to be headquarters  
man for the Republican county  
central committee during the re-  
mainder of the campaign.

Mr. and Mrs. A. J. Lasby were  
hosts at a charming dinner last  
evening.

The brick work on the new Or-  
ange County Business college  
building at the corner of Church  
and Main streets is now com-  
pleted and work on the inside fin-  
ish is under way.

A plan to launch a campaign  
for \$1,000,000 to be raised in 1917  
for the University of Southern  
California was given emphatic ap-  
proval at the session of the  
Methodist Conference of Southern  
California here this morning.

Orville S. Waters, 1013 North  
Main street, had as a guest yester-  
day, Charles W. Parker who is  
traveling with advance car No. 3 of  
the Barnum and Bailey circus.

As the result of the pressure  
brought to bear on L. J. Carden  
when he was pressed between two  
automobiles last night, he is home  
in bed nursing numerous severe  
bruises.

## In the Long Ago

Thoughts On Modern  
Life

By GLENN FRANK

## THE MIND FOR THE TIMES

America is moving into a cycle  
of its social and economic de-  
velopment in which we can ex-  
pect nothing beyond a tragic in-  
security if we entrust the guid-  
ance of our economic and politi-  
cal order to the tradition-bound  
mind.

New issues loom ahead that will  
call for the new types of mind.

We can face the future unafraid  
and with high heart if we can  
produce and protect, throughout  
the nation, an adequate supply of  
the free minds of first class men.

About four years ago I tried to  
paint for the readers of these  
essays a picture of the free mind  
that the current economics situ-  
ation needs just now for its an-  
alysis and administration.

Let me retouch that picture and  
bring it down to date in terms  
of current needs.

The free mind of the first class  
man knows no loyalty save loyalty  
to the truth which it seeks to  
see clearly and without bias in  
the dry light of facts.

The free mind of the first class  
man resists enslavement to passion  
and to prejudice, brings to the  
bar of disinterested judgment the  
pleas of all parties and of all  
powers, and ceaselessly searches

out the motives that coin the  
catch-words of all classes, all  
cliques, and all clans.

The free mind of the first class  
man turns a deaf ear alike to  
democracy when it grows senti-  
mental and to plutocracy when it  
grows selfish.

The free mind of the first class  
man is independent alike of tyrann-  
ical majorities and of titrating  
minorities when the truth happens  
to abide in neither.

The free mind of the first class  
man considers all traditions—busi-  
ness, industrial, or political—sole-  
ly in terms of their current hu-  
man service.

The free mind of the first class  
man serves the crowd without  
flattering it and believes in it  
without bowing to its idolatries.

This is the only kind of mind  
to which America can afford to  
trust its political future.

This is the only kind of mind  
that can stabilize our economic  
life and make our machine order  
the effective servant of human  
needs.

Tomorrow I want to show how  
difficult it is for even first class  
men to keep their minds free from  
the tyranny of the crowd in con-  
temporary America.

## OUR CHILDREN

By ANGELO PATRI

## THE BETTER WAY

Force is a poor tool to use in  
the elevation of the race. It never  
brought us anything but trouble  
more confounded. It works evil  
when turned against children. My  
hand is against it and all its  
work.

There is more education  
in one smile, in one gentle word,  
in one soft touch, in one simple  
kindly action, than in all the  
force of the army and navy rolled  
in one.

There are those who disagree  
with me. They even call me dan-  
gerous. "A menace to the race,"  
one man wrote me, forgetting to  
send me his address. He believed  
heartily that a "good swift kick  
in the slats" was what an im-  
pertinent child needed. That would  
cure them.

I insist that it will do nothing  
of the sort. To beat a child is  
the height of brutality, and a great  
piece of folly. The fault, if there  
were one, is not cured. It is  
hushed for the moment by fear.  
Fear breeds crime. Putting aside  
the meanness of child beating, put-  
ting aside the suffering of the  
child under such treatment, the  
effect upon his mental and spiri-  
tual growth is deadly.

The folk who believe in beat-  
ing children point to the reform  
schools and the jails and say such  
as I, in our infinite folly, fill  
such places. Punishment would  
soon settle the whole matter.

Well, we have had a long time  
in which to try that out. The  
old punishments were drastic. Their  
severity terrible. Centuries ago  
the dungeons and the rack, the

gallows, the fire—still men erred.  
If punishment cured, the race has  
been washed white ages since.  
The only advance we have made  
has been through love and under-  
standing.

Now love is no simple matter.  
It is not weak. It is of infinite  
strength and endurance. It sus-  
tains when all else fails. It heals  
when all else fails. But it is not  
weak, remember. It is a force as  
dangerous and as powerful as any,  
but allowed to work its perfect  
will, it leads to perfection.

Love is the better way. Help  
the erring ones, teach them to  
live without injuring themselves  
or others, and so give them the  
joy of happy living. Suppose it can-  
not be done? Shall we allow boys  
and girls to wreck their undis-  
ciplined selves to the pain of the  
community? Not at all. We do  
not love children when we let  
them hurt themselves and other  
people.

Establish schools for all children.  
Teach them what they are best  
fitted to learn. Help them develop  
whatever there is within them  
that leads them to peace, and pro-  
tect them against themselves when-  
ever that is necessary.

Reform schools will be needed  
as long as we rear children of  
defective parents; as long as we  
rear children in slums; as long  
as our schools are inadequate.

Education, knowledge, treatment  
and care inspired by the highest  
kind of love is what wayward chil-  
dren need. Not force.

## "BLACK FRIDAY"

On September 23, 1869, a financial  
panic began in New York when  
gold rose to 164 after a clique head-  
ed by Jay Gould and Colonel James  
Fisk, Jr., made a daring attempt  
to corner the gold market. "Black  
Friday" is the name given the two  
disastrous days that followed.

The Fisk ring had purchased  
about \$60,000,000 in gold, agreeing  
to pay \$96,000,000 in currency. The  
transactions were in full swing,  
with gold hitting 160, when the  
United States government tele-  
graphed to sell \$4,000,000 worth of  
the metal. Instantly the gold fell to  
140 and to 133 and finally there  
were no buyers at any price.

A panic followed, affecting busi-  
ness in the United States and dis-  
rupting international trade. The  
men who engineered the deals con-  
tinued to settle transactions in  
which they profited, but numerous  
court injunctions delayed settle-  
ment of the deals in which they suf-  
fered losses.

While no definite figures were

available, it was estimated that the  
gold clique's profits on transactions  
they were willing to admit and  
\$20,000,000 on transactions which  
they refused to acknowledge or  
admit.

## Sez Hugh:

IT'S FINE TO AIM TO PLEASE--
